SIX WAR CHIEFS ARE SHOT BY GREEKS

WILL SOUGHT IN MANSION OF MYSTERY

Gems Valued at \$1600, Document Disposing of \$10,000 Real Estate of Robert Kyle Hunted Amid Litter

Antique Furniture, Papers Reveal Former Glories in Life of Recluse "Broken" in Comstock Boom Days

Mystery, age and confusion go hand in hand about the old home of Robert Kyle, on Sixth avenue, where the officers, under the guidance of A. E. Hill, public administrator, are conducting a search to determine the amount of property left when Kyle died several days ago. Chief attention is being paid to an effort to locate \$1600 worth of jewelry which Kyle is said to have withdrawn from his safe deposit box just prior to his death, and to locate a will disposing of the property of the aged recluse, valued at approximately \$10,000.

Neighbors regard any one who enters the place as a stranger, so long as it, and its inhabitants, borne a reputation for being "queer."

DRAMATIC STORY IS REVEALED.

An intensely human story of a man whose life was changed completely by successive misfortunes is revealed by those who were acquainted with Kyle's history. According to these, Kyle came here in "early days" from Kentucky, where his family owned a large amount of land, and as a San Francisco stockbroker, became one of the leading figures on the mining stock exchange during the days of the Comstock boom.

After adding greatly to his holdings in this manner, Kyle suddenly lost his entire fortune. With that there came a decided change in him, it is declared, and the free-spending, almost reckless character that had marked him on the famous San Francisco mining exchange seemed to disappear completely. From that time on, those who remember him say he was known as "decidedly close."

For a while, in the neighborhood of 1872, Kyle ran a stationery store in San Francisco. Then he moved to Oakland, and became a deputy under County Tax Collector Zachary T. Gilpin. That was about thirty years ago.

SAVED PENNIES TO REGAIN FORTUNE.

Out of his business profits and later his salary as a deputy tax collector, Kyle saved every possible cent, it is declared, and seemed determined, his friends say, to regain some of the fortune he had lost at no matter what sacrifice of comfort or pleasure. He gradually accumulated real estate, until at the time of his death he owned three pieces of property in Oakland valued at considerably above \$10,000, together with a farm in Kentucky that had been the only thing saved out of the wreckage of his previous fortune.

About a year ago his sister, who was his only near relative, died, and Kyle's ways of life underwent another change. He shut himself up in the house in Sixth avenue in which he and his sister had been living for several years, and took up the life of a hermit. Those who knew Kyle best say they do not believe two persons entered his house during the year that intervened between his sister's death and his own. He is not known to have visited any one else. And he refused, apparently, to disturb a thing in the house from the way it had been when his sister died.

It was only by accident that his death was discovered. A few days before his death Kyle had asked his friend, Lewis Miller, of the Osgood Drug Company, to bring him his tax bills, saying he did not feel strong enough to go after them himself. Miller found Kyle in such a condition that he insisted a doctor should be called. Kyle refused to hear to it, but Miller took a doctor to the house of his own accord. They found Kyle sitting in his chair, dead.

DISTANT COUSINS ONLY RELATIVES.

Friends of Kyle say they do not believe he has any relatives whatever, except some very distant cousins in Kentucky, whose names they do not know.

Where Hermit Lived and Died

Here are the principal characters in the mystery of Robert Kyle, who became a recluse after losing his fortune in the Comstock boom. The upper picture is that of KYLE. Below are MISS ANNA A. KYLE, the sister who died a year ago in the mystery house on Sixth avenue, and the house.

PRICE OF TURKEY LOWEST IN YEARS

Flooded Market Will Put Retail Figure at 45 Cents or Less, Says Dealer.

Forty-five cents retail for turkey was the prevailing price today, two days before Thanksgiving.

Prospect that the price will be lower than for several years was seen today, following the announcement of several local dealers that that wholesalers were having trouble in getting rid of their stock. Additional last-minute shipments and quantities which were unexpected were given as the reasons for the slack in the turkey market by A. N. Knight of the S. Herman Company, commission merchant, Second and Franklin streets.

"The market yesterday and today was very slow," said Knight. "Turkeys dressed were selling at wholesale at from 40 to 45 cents per pound, and predictions were that they would go even lower. In some cases they were being retailed at 45 cents. Forty cents seemed to be the popular wholesale price."

According to Knight, these prices are the lowest for several years, and the buying was very slow.

American Countess Wins Paris Divorce

PARIS, Nov. 28.—A divorce was granted to Countess De Maupas, who was Miss Consuelo Morgan, daughter of the American consul-general at Brussels, and who married Count Jean de Maupas in July, 1920.

State's Aid for Near East Asked

RICHARDSON ASKS ROAD WORK HALT

Governor-Elect Declares 'Millions Squandered on Worthless Highways.'

BY UNITED PRESS. LEASED WIRE TO TRIBUNE. SACRAMENTO, Nov. 28.—Denial announcement that he will completely reorganize the state highway department was made today by Friend W. Richardson, governor-elect.

Governor-elect Richardson declares the four-inch concrete roads in the state "have proved a total failure," and the five-inch roads "a practical failure."

"Millions of dollars of the people's money has been squandered on worthless roads," he charged. Richardson says he plans to confer with the directors of the two auto clubs in the state in picking his new highway commission. He adds that he believes all highway work should be halted until the new board takes office, in view of the fact that no money is in sight to meet contracts now being signed up by the present board.

Acting Premier and Dr. Koo Impeached

PEKIN, China, Nov. 28.—(By the Associated Press.)—The House of Representatives today adopted a resolution impeaching Wang Chung Hui, acting premier, and Dr. Wellington Koo, foreign minister, on the ground that they participated in signing the loan agreement with the Sino-Italian Bank in connection with which Chinese agents, who were recently arrested, were the resolution was 262 to 39.

Lo Wen Ken was arrested on November 19, charged with receiving a commission for the proposed flotation of a loan of \$6,000,000 by a group of German-Austrian financiers before the world war.

MAGAZINE IS STOPPED BY STUDENTS

Sale of "Laughing Horse," Edited By Roy Chanslor, Held Up On Campus; Is Declared to Be "Obscene"

Activities Follow Secret Meeting at Which Exception Is Taken to Alleged Slurs on Faculty, Regents

BERKELEY, Nov. 28.—Because student leaders at the University of California deemed the publication "obscene" and detrimental to the good of the university today's sale of "Laughing Horse," magazine edited by Roy E. Chanslor, senior

Paris Cabinet Reported to Approve the Occupation of Additional German Area to Enforce Indemnity Claims

PARIS, Nov. 28.—The French cabinet is reported to have given its approval today to proposals for occupation of additional German territory by French troops to enforce all the clauses of the Versailles treaty, particularly those relating to indemnity.

When the cabinet met with Premier Poincare presiding, it was understood that the question of extending French military occupation on the Rhineland would be considered.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

PARIS, Nov. 28.—Premier Poincare's plans for seizing German property and invading German territory were today formally approved by the French cabinet in preparation for the reparations crisis now considered unavoidable.

A notification of the French decision has been sent to the allies. France's move is likely to take place when the next German payments fall due in January. It will involve seizure of the Ruhr and the setting up of a nominally independent regime on the left bank of the Rhine.

FRANCE PREPARES TO "PAY HERSELF."

PARIS, Nov. 28.—(By The Associated Press.)—The intention of France to "pay herself" in Germany came before a full meeting of the cabinet today.

A plan for direct action through the seizure of part of the Ruhr district and absolute control of the French section of the Rhineland, which was considered and approved at yesterday's meeting of military and civil authorities will be submitted for final approval. There no longer is much faith here in any inter-allied solution of the reparations question, even though the Brussels conference is held.

Marshal Foch and Major-General Buat, the French chief of staff, are understood to have told President Millerand and Premier Poincare at yesterday's meeting that a plan for expanding the military occupation of the right bank of the Rhine has been prepared with the utmost care and that it could be executed within 24 hours' notice.

The French high commissioner for the Rhineland, in discussing his part in any necessary action, said that civil administration of the territory occupied by France on the left bank of the Rhine could be immediately taken over by competent French authorities.

PROGRAM APPLICABLE AFTER JANUARY 15.

This program would be applicable after January 15, 1923, many now has a moratorium until the end of December and the first payment under the existing scheme of reparations, now in suspension, would be due in the middle of January. Germany's failure to meet this payment would, in the opinion of the French, automatically give them the right to act.

Premier Poincare's purpose in his appeal to the Nationalists Sunday to submerge party feelings in support of the government now is seen. This drastic program of action naturally hinges upon the outcome of the Brussels conference, but there is such doubt that that meeting would reach a satisfactory decision on the reparations question or that it will even be held, that the French think it wise to prepare now for an eventually certain being faced at the end of the year. France now is ready "to go it alone."

Complete control of the French sector of the Rhineland would accomplish the much desired expulsion of German officials, many of whom, the French believe, are Prussians recently come into the region with the intention of strengthening resistance to the allied occupation.

Premier Poincare saw Marquis Salvago, Raggi, Italian member of the reparations commission, yesterday, and it was taken for granted that it was to supplement the outline M. Poincare already had given

(Continued on Page 2, Col. 1)

FRENCH PLAN SEIZURE OF RUHR LAND

Proposal Is to Expand Rule On Right Bank of Rhine If Payments Are Not Made By January 15

By FRANK E. MASON, International News Service Staff Correspondent.

PARIS, Nov. 28.—The French cabinet is reported to have given its approval today to proposals for occupation of additional German territory by French troops to enforce all the clauses of the Versailles treaty, particularly those relating to indemnity.

When the cabinet met with Premier Poincare presiding, it was understood that the question of extending French military occupation on the Rhineland would be considered.

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

PARIS, Nov. 28.—Premier Poincare's plans for seizing German property and invading German territory were today formally approved by the French cabinet in preparation for the reparations crisis now considered unavoidable.

A notification of the French decision has been sent to the allies. France's move is likely to take place when the next German payments fall due in January. It will involve seizure of the Ruhr and the setting up of a nominally independent regime on the left bank of the Rhine.

FRANCE PREPARES TO "PAY HERSELF."

PARIS, Nov. 28.—(By The Associated Press.)—The intention of France to "pay herself" in Germany came before a full meeting of the cabinet today.

A plan for direct action through the seizure of part of the Ruhr district and absolute control of the French section of the Rhineland, which was considered and approved at yesterday's meeting of military and civil authorities will be submitted for final approval. There no longer is much faith here in any inter-allied solution of the reparations question, even though the Brussels conference is held.

Marshal Foch and Major-General Buat, the French chief of staff, are understood to have told President Millerand and Premier Poincare at yesterday's meeting that a plan for expanding the military occupation of the right bank of the Rhine has been prepared with the utmost care and that it could be executed within 24 hours' notice.

The French high commissioner for the Rhineland, in discussing his part in any necessary action, said that civil administration of the territory occupied by France on the left bank of the Rhine could be immediately taken over by competent French authorities.

Subsidy Wins on First Test Vote Taken in House

Motion to Strike Out Financial Provisions Defeated, 132 to 93.

WASHINGTON, Nov. 28.—By a vote of 56 to 31 the House adopted a provision denying subsidy benefits to any ship upon which intoxicating liquor was transported or sold. Standard Oil tankers and other vessels which carry the manufactured products of their owners will be denied a subsidy under the terms of an amendment offered by Representative Edmonds, Republican of Pennsylvania, and adopted by an overwhelming majority.

The amendment was proposed to meet the demands of the opposition to the bill.

By A. O. JAYWARD, International News Service Staff Correspondent.

WASHINGTON, Nov. 28.—The first test vote on the administration's ship subsidy bill, taken in the House this afternoon, showed 132 to 93 in favor of the merchant marine legislation.

The test was made by Representative Davis, Democrat of Tennessee, who moved to strike out these provisions of the bill providing financial aid and assistance for American ships.

The fact that only ninety-three votes were recorded against this proposal was interpreted by Republican leaders as indicating they had sufficient strength to pass the bill by a substantial majority on the final roll-call tomorrow afternoon.

EXCESS PROFITS TAX CLAUSE RULED OUT.

An unsuccessful attempt to enact the excess profits tax as a part of the ship subsidy bill was made this afternoon. The proposal came from Representative Frear, Republican of Wisconsin, but it was ruled out by Chairman Tilson of the committee of the whole house, when Representative Edmonds, Republican of Pennsylvania, raised a point of order against it. Frear insisted a special tax should be levied to meet the subsidy payment.

By PAUL R. MALLON, United Press Staff Correspondent.

WASHINGTON, Nov. 28.—The Democratic filibuster in the senate against the administration program swung into full stride this afternoon under the leadership of Senators Underwood of Alabama and Harrison of Mississippi.

Attempts by Republican leaders to rush through the Dyer anti-lunching bill were met by a barrage of points of order, oratory and other filibustering tactics.

The Democrats have the support of insurgent Republicans. The filibusters hope to definitely delay any action on the measure at this session of congress.

SPLIT IN CABINET ON PACKER MERGER.

WASHINGTON, Nov. 28.—(By United Press.)—A split has developed in President Harding's cabinet over the proposed merger of the Armour and Morris packing interests.

Secretary of Agriculture Wallace, in charge of the enforcement of all packer control laws, is strongly opposed to the consolidation.

Attorney General Daugherty, the law enforcer of the government, who would conduct any prosecution

of the department of agriculture, not only sees no legal obstacle to the merger, but favors it.

Approval by the government of the purchase of the Morris packing interests by the Armour company was sought by J. Orden Armour in advance of consummation of the transaction in the hope of preventing any anti-trust prosecutions in the future.

Secretary Wallace's views are more nearly those of the farm bloc in congress, which the President has consistently opposed, and in the present situation Wallace has the support of this powerful group.

BRITISH WARNING DEFIED BY ATHENS GOVERNMENT; DOOMED LEADERS SHOT

Five Former Cabinet Officers and Ex-Commander of Army Meet Death as Traitors to Country

BRITAIN TO RECALL ENVOYS

LONDON, Nov. 28.—(By International News Service.)—The British minister is leaving Athens, according to a Central News despatch this evening.

ATHENS, Nov. 28.—(By Associated Press.)—The six former cabinet officers and army officials convicted of high treason in connection with the Greek military disaster in Asia Minor, were executed today. The execution of the condemned men was by shooting.

The men executed are: FORMER PREMIERS GOUNARIS, PROTOPAPADAKIS, and STRATOS.

M. THEOTOKIS, former war minister.

M. BALTAZZIS, holder of portfolios in several former cabinets.

GENERAL HALJANESTIS, commander of the Greek forces at the time of the Asia-Minor military disaster.

LONDON, Nov. 28.—(By International News Service.)—In open defiance of the British government's warning the Greek government today executed five former ministers of the late Constantine regime following their sentence to death by a court-martial.

CONDEMNED WERE WAR CABINET MEMBERS.

The former cabinet members sentenced to death were: Former Premier Gounaris, who had subsequently served as minister of justice; former Premier Protopapadakis, who headed the ministry formed on May 1 last; former Minister of Interior Nicholas Stratos; former Minister of War Theotokis, and George Baltazis, former foreign minister.

In addition to the former ministers, General Haljanestis was condemned to death.

All of the condemned statesmen were members of the coalition cabinet formed by Protopapadakis, while the Greeks were still waging war against the Turks, but after the Greek army in Asia Minor had begun to give way under the blows of the reformed Turkish army.

GOUNARIS WELL KNOWN STATESMAN.

Gounaris had served in the Greek ministry constituted on April 1, 1921, about six months after the return of Constantine to Athens from his exile in Switzerland. He was one of the best known of modern Greek statesmen.

Protopapadakis, Theotokis and Baltazis had also served in this cabinet.

Great Britain had sent a formal note to Athens announcing that Anglo-Greek diplomatic relations would be broken off forthwith if the Greeks carried into execution any death sentences imposed upon former ministers in connection with the collapse of the Greek army in Asia Minor. It was supposed that this sympathy had been inspired by the fact that the British supported Greece in the war against Turkey.

At Turk Parley

LAUSANNE, Nov. 28.—The allies decided today, in secret conference, that the Russian demand for full participation in Near Eastern questions on a basis of equality will be rejected.

The three inviting powers, will answer the equality demand by forwarding to the soviet delegates a copy of Poincare's note on November 14, in which it is clearly stated that the Russians are only invited to participate in discussions affecting the straits.

Poses Raid Giant Still at Salada

SAN FRANCISCO, Nov. 28.—The largest still raided by prohibition officers west of the Rockies was put out of business today at Salada Beach when a raiding posse found an outfit with a daily capacity of 1000 gallons of whiskey in operation in a shack. Five truckloads of the finished product were seized. The plant had a cooerage annex for making its own barrels.

Railers Approved For Justiceship

WASHINGTON, Nov. 28.—The senate judiciary committee today recommended confirmation of Pierce Butler, St. Paul attorney, nominated by President Harding to be an associate justice of the supreme court.

By ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE.

FRANCE TO TAKE RUHR VALLEY AS WAR INDEMNITY

Premier Poincare's Program
of Seizure Is Approved
By Deputies.

(Continued from Page 1)

Premier Mussolini at Lausanne of the French intentions toward Germany. France in any case, it is said, will continue making it a rule to keep the allies informed of her negotiations policy. The cabinet had before it today the government's calculations on exactly what the seizure of two-thirds of the Ruhr would yield. These official figures show the German government's mines in the Ruhr produce 9,000,000 tons of coal, about half the amount annually delivered France.

YOUNG MAN GLOOMY AT TURKEY PROSPECT

"Bad news, Jeff? That letter has brought out a frown like a thunder cloud on your brow."

"Well, it may not sound like bad news to you, but in a way it is. I'm invited over to the Owens for Thanksgiving dinner. They live in Piedmont and it seems they are having quite a few people come!"

"Sounds good to me. I wouldn't be doing any frowning if I were invited to a swell place like that. And isn't it Miss Owens that you were missing a lot of heart-beats about a few days ago?"

"I'll say it is. And the trouble is that I will miss them whenever she's in sight."

"Oh, you don't get it. I'm low on clothes and I'd rather not go at all than to look like a tramp and feel that all the well-dressed guests were giving me a naughty once over. I can't very well afford a new suit right now and I can't go without a new one."

"Oh, rotten luck. I know how you feel about it, old man. But, say, why don't you trot out to Cherry's, 528 Thirteenth street, and find you a good looking suit and overcoat? You can buy it on credit, you know, with six months to pay."

Cherry's women's store is at 515 Thirteenth street.—Advertisement.

U. C. Magazine Sale Stopped by Angry Students

"Laughing Horse" Is Barred
From Campus; Satire
Styled "Obscene."

(Continued from Page 1)

cent student demonstration in honor of President Barrows as the subject in which collectors are likened to "marionettes." Other contributions, all submitted anonymously, further held up to satirical criticism students, professors and regents of the university. Club-women of Berkeley also come in for their portion of notice and are attacked as "meddlers" for interfering with the performance of "The S. S. Tenacity" by Wheeler Hall Players. This attack came from the pen of Chanslor himself and bears his name.

Classed by student censors as "obscene" and written with "bitter meanings," declared to be injurious to student morals, is an article from the pen of D. H. Lawrence, English novelist, in which he reviews Ben Hecht's privately printed novel "Fantasia Malaria." DECLARES ATTACKS ARE NOT JUSTIFIED.

Chanslor today defended his magazine declaring that in no way could he see it merited the attacks of students. He declared that the publication would be placed on sale off the campus, stating that the magazine had always been conducted as a private enterprise and in no issue bore the name of the University of California.

It was Chanslor, who under the name of "Stephen Fitzroy," attacked university traditions in a recent article in "Smart Set," which aroused the indignation of student leaders. His "Laughing Horse" first made its appearance last semester, and today's issue is the fourth copy. It was only recently that Chanslor's editorship has become known. Well known student literary lights on the campus are known to have contributed anonymously to the various issues.

Club women of Berkeley today added their indignation to that of students because of Chanslor's attack on them owing to their activity in stopping Charles Vildrac's "S. S. Tenacity," a play called off by the regents for its alleged "immorality."

"Are the board of regents of the largest university on the face of the earth going to allow themselves to be used in this manner by meddling and unofficial organizations of women who know nothing whatever of the art of the theater or the art of anything else?" demands Chanslor in attacking the members of the University Mothers' Club, the College Women's Club and the Berkeley Better Films

Committee, the three organizations which demanded of college heads that the Vildrac play be stopped in the interests of student morals. Again he says in a signed statement published in his "Laughing Horse."

"Are the cultural and artistic activities of the University of California going to continue to be dominated by a pack of fifth-shouters who can see nothing but nastiness in any work of art aimed at people whose sophistication is supposed to be slightly superior to, least, that of an intellectual backwoodsman?"

DECLARED SUPPRESSION INSULT TO AUTHOR.

Chanslor declares that the suppression of the play was an insult to Vildrac, the author; to Sidney Coe Howard, university alumnus who translated the play from the French; and to Sam Hume, director of the Greek Theater, who produced the French offering. That students are not supporting the move to cleanse the "morals" of the campus is Chanslor's statement. As an illustration he declares that an invitation had been extended by the French Club of the university to Andre Forrier and his company of French players to present "The S. S. Tenacity" on the campus. Also supporting the production of the play he declares is Professor Regis Michaud of the university's French department, who, he says, describes the Vildrac creation as a "great moral tragedy, a great play."

No action will be taken by university authorities in the suppression of "Laughing Horse," according to word from the president's office today. The suppression, it is declared, is entirely a student activity. Students, on the other hand, declare that any action taken by them is not done under the name of the university, but is merely a private demonstration against an alleged objectionable publication. Chanslor is well known in campus literary circles and a member of a prominent Berkeley family.

Salaries Cut For Martinez Officials

MARTINEZ, Nov. 28.—Wholesale cuts in salaries of Martinez officials were ordered by the trustees last night, and it was intimated that other reductions would soon follow. Those affected are Ben Green, city engineer, reduced from \$250 to \$175 a month; A. F. Bray, city attorney, from \$100 to \$50; Charles Daley, city auditor and acting city clerk, from \$75 to \$25. The reductions will go into effect December 1. Charles Palmer was appointed marshal at \$150 a month.

Stockton Votes On City Manager

STOCKTON, Nov. 28.—Adoption of a new charter for Stockton, with the city manager form of government being voted on today. The present administration has made a hard fight against the charter, considering it a recall measure. A bond issue of \$1,250,000 to construct a reservoir for flood control is also being voted on. An advisory vote on purchase of the mineral baths by the city is on the same ballot.

WILL IS HUNTED AMID LITTER OF MYSTERY HOUSE

Former Glory of Robert
Kyle, Hermit, Revealed in
Maze of Treasures.

(Continued from Page 1)

that Kyle and his sister, Anna A. Kyle, who died about a year ago, had no interest in the betterment of their physical surroundings and had, for a long time, insisted in maintaining their home without change.

Exteriorly the house presents a shabby appearance. It has not known paint for many years and has faded to a brown color. The windows of the "parlor" are outlined with colored glass and much of the putty holding in the panes has fallen away.

The front gate is dilapidated and long ago said goodbye to the upper hinge. Over the gateway climbs a riot of wisteria and honeysuckle, which has been untrimmed and through which one has to force a passage. Over the front stairs is hanging another fringe of vines that reach so low as to sweep the floor of the porch.

Electricity is unknown on the premises, for the doorbell is one of the old-time "pull-bell" variety, while within the house all the chandeliers are for gas.

OLD FURNITURE FILLS ROOMS.

Once the door is open one is greeted with a bewildering chaos of stuff. In the front room there is a small cleared place which is flanked on all sides with piles of old papers, knock-knocks, odds and ends, and wonderful old pieces of antique furniture. Dust lies inches deep over everything in the front room and that one adjoining it immediately in the rear. Apparently nothing in either of these rooms has been touched for years. In each room is an old-fashioned flat-topped piano, one of the sort of "grands" that was found only in the "best" homes fifty years ago. Both instruments retain a good tone, however, and neither has become "tin-panny" through misuse or age.

The house, despite its dusty condition in some rooms and its actual filth in others, would delight the heart of a buyer of antiques. There are old chairs, piled on, or under, chairs of the latest vintage. There is an old "secretary" with "steens" drawers and cubbyholes, all crammed with papers, letters and memoranda. There is an old-time sewing machine. It has a round drum, through the center of which the needle pierces, held at the end of a long arm that goes up and down as one works the foot tread.

Out in the kitchen, and the room adjoining, the floor is littered with the skins of dried onions. The remains of a partially eaten lunch are still standing on the table. Dirt and grease are thick on the floor beneath the blanket of onion skins. Everywhere in every room and in the hallways are piles of newspapers, some of the copies dating back to 1870.

EVERY LOCK IS TURNED.

Upstairs again there comes confusion supreme. More piles of papers, more dust and standing in the midst of the clutter a prize for which the antique hound would give a year from his life. These are beds, high-boys and dressers, old in type and old in use but wonderfully well preserved, there being hardly a scratch on any of them. And upstairs there are trunks, trunks, trunks. Only one of the ten or twelve trunks, all of which

are locked, has thus far been opened, and has yielded nothing of interest to Public Administrator Hill or his investigators.

One of the queer things about exception every lock in the place has been locked; trunks, drawers, hall doors and all. There is a box of keys of all sizes and descriptions and not a small part of the job of search is to find the key that fits the lock which it is desired to open.

In one of the upper bedrooms there is a box of old time albums filled with queer pictures. Some bear dates as early as 1890, but few have names by which they can be identified. There are a number of daguerreotypes also and one of the searchers, an expert in that line, pronounced them some of the best he had ever seen.

For a long time Kyle, the recluse, who owned the home, and his sister, Anna Kyle, lived alone in the house. After her death Kyle continued to live there and refused admittance to all who attempted to enter the premises. A feature of the front bedroom on the upper floor, that which was once occupied by the sister, is that it is in the same condition as it was when she died, a condition of complete disorder, but nevertheless just as she left it.

Thus far the search by the administrator has uncovered but a few dollars in the house. The money was scattered about in numerous queer places. A few cents were found in a collar box, a dollar or so in an old can, and more coins under old receipts in several boxes.

HERMIT CONCEALS GREAT CULTURE.

In startling contrast to the sordidness of the surroundings in which Kyle was apparently content to live the final portion of his life, is the fact that he was a man of great culture and learning, according to Paul L. Sternberg, a local real estate man, and one of the few persons whom the aged recluse admitted to friendship.

He was a deep student of Shakespeare, from whom he quoted frequently and aptly; of the Bible, and the works of Mary Baker Eddy, in neither of which he believed; of hypnotism; and of photography. "He was a man capable of fine feelings, which he strove so hard to conceal that he would frequently cut a sentence in two in which he had started to express some delicate thought," said Sternberg. "He was a man of great refinement—and yet he did not sweep his home once during the last twelve years!"

Cities Flooded With Booze From Abroad

NEW YORK, Nov. 28.—New York and New Jersey cities are being flooded with liquor from the Bahamas, Scotland and England, according to Frank J. Hale, an investigator for the prohibition department. He declared that a steamship had cleared from Scotland last week with 24,000 cases of whiskey, bound for the "whiskey armada camping ground" four miles off the American coast. More than 100 vessels are engaged in transporting contraband liquor to this country, Hale says, and millions of dollars change hands each week in bootleg deals.

Buried Cable Guides Planes Over Sahara

PARIS, Nov. 28 (By the Associated Press).—By means of a buried cable, it is now possible for aircraft to cross the Sahara desert safely, the Academy of Sciences was told today by Admiral Fournier. An electric current flowing through the cable influences delicate apparatus on the plane or airship so that the pilot is able to tell his exact position at a glance. The invention has been successfully tested by army and navy officials, Admiral Fournier said. It is the work of Engineer Loth.

OAKLAND

CUPID BARRED IN BETHANY COLLEGE

(By International News Service)

LINDSBORG, Kan., Nov. 28.—Bethany College is not a lovers' paradise, nor is it a matrimonial bureau, and gay young Lotharios will have to hie themselves to some region other than around classrooms and dormitories to pour forth their sentiments to beautiful co-eds.

This was the gist of an admonition to students of the university during chapel services recently by President Ernst Pihlblad.

A short time later Dr. Pihlblad announced: "We will sing No. 24." One glance at No. 24, and then: "No, we'll sing the Doxology."

Here are the first two lines of No. 24.

"Blest be the tie that binds

Our hearts in Christian love!"

Dr. Pihlblad had previously remarked that young men and women of the college were spending too much time in each other's company and not enough with their books.

CHIROPRACTOR CANDIDATE.

RICHMOND, Nov. 28.—Dr. A. B. Hinkley, Richmond chiropractor, who was active in the interests of the chiropractor measure at the recent election, has announced his candidacy for membership on the State Board of Examiners.

CURTAIN CALLS

By WOOD SOANES

DAVID WARFIELD created the role of Shylock along in 1893 when "The Merry World" company with which he was appearing played a seasonal game for charity at the Polo grounds in New York.

Ben T. Dillon, veteran musical comedian and a warm personal friend of Warfield, is authority for the statement. As Dillon tells it, the story of Warfield's premier, is as follows:

"Of course all of the old theatergoers around Oakland and San Francisco know that Warfield began his theatrical life as an usher in the old Bush street theater in San Francisco. He was a clever mimic and his first local hit was in caricatures of Salvini in 'Othello' and Bernhardt in 'Camille' in a show called 'About Town'."

That Dorothy Raymond, leading woman for Dillon and King here and in Portland and in Los Angeles supporting Al Franks.

That Fred Lancaster has signed a year's contract with the Larry Seeman picture company, Fred, by the way, was the big hit as the

slightest idea what acoustic was."

It is to be hoped that the amiable story-telling Cressy enlightened his interviewer and that this story does not need the customary granum salis appended to it.

Hebrew peddler in Otis Skinner's picture, "Kismet."

And that Charlie Murray, who once graced the musical comedy stage and is now definitely allied with the motion picture industry has gone to New York to make twelve pictures for an eastern concern.

That the foregoing notes and items were trailed to their respective lairs, captured and made into print-material by the indefatigable Ben Dillon, who is still in retirement in his Ingleswood "farm," but is beginning to show signs of life and a new farewell appearance as "Mike Dooley."

Henry Santrey and his Syncoated Society band are due to play the local Orpheum next week. Santrey was formerly the leading baritone at the old Tivoli Opera House in San Francisco.

George Arliss started on his American tour in "The Green Goddess" in Cincinnati last night. He is headed West.

"The Great Catherine" and "The Widdy's Mite" will be presented at the Auditorium tonight by the Little Theater Club.

The word "luminaire" has been adopted by British merchants in designating stores dealing in household electrical devices.

EXITS AND ENTRANCES

Theatergoers who are interested in the activities of former musical comedy favorites will be pleased to know perhaps:

That Sid de Gray, formerly of the old Kolb and Bill company, has signed with the Universal Picture company.

That Madalyn (Spooks) Matthews, ex-Dillon and King comedienne, is back in vaudeville with a young prima donna for a partner.

That Nellie Harding, erstwhile chorus leader for Will King, is at the Burbank Theater in Los Angeles.

That Dorothy Raymond, leading woman for Dillon and King here and in Portland and in Los Angeles supporting Al Franks.

That Fred Lancaster has signed a year's contract with the Larry Seeman picture company, Fred, by the way, was the big hit as the

TWENTY SEASONS AGO TODAY.

Ferris Hartman, Annie Myers, Arthur Cunningham, Tom Quiss, Karl Formes and Fred Karsmaugh are playing "The Scrooge" at the Macdonough Theater. They will play Salt Lake and Denver on their tour.

"In 1890 Warfield went to New York and his first engagement was in a concert hall in Eighth avenue. From there he went with John Russell in the City Directors' company. In 1895 he joined George Lederer's Century company and started on his first long engagement."

"During the first three years he was with the troupe he continually performed Lederer's role of the East Side Jew. Lederer was not greatly impressed with Warfield's abilities and kept putting him off."

"Then came the charity ball game between the members of 'The Merry World' and the players who were burlesquing 'Tribby'. All the actors made up for the parts they played on the stage, but Warfield seized this opportunity to do his favorite Hebrew type and arrayed himself as a pedler and sold 'cracked ice' as souvenirs of the game."

"He was the big hit of the game. I don't remember now who won the baseball contest, but it didn't matter. The crowd got plenty of entertainment at Warfield's expense. So pronounced was his success that Lederer allowed him to introduce his specialties in all the subsequent productions."

"This sounds too good to be true, but I can prove it by a half dozen witnesses," writes Will Cressy, the vaudeville actor, agent his experience with an interviewer on a San Francisco paper during the third-of-a-century anniversary of the Orpheum theater.

"When the stage is cleared at night a large 500-watt lamp is let down from the flies near the footlights," Cressy goes on. "Its purpose is to light the house for the cleaners and the light is inclosed in a big tin dishpan."

"Well," said the young lady interviewer, "the first thing I want to know is, is that (pointing to the dishpan light) the acoustics of the theater?"

"We looked at her in amazement. It did not seem possible that she really meant it."

"What did you say?" I asked her.

"I asked if that thing was the acoustics. All my life I have heard about jokes about the acoustics of theaters and I never had the

TUDOR ROMANCE IS FILM MARVEL

All of the glory, pomp, richness of background that was the scene of the love story of Princess Mary Tudor and Charles Brandon will be brought into the spotlight of the present when the Franklin theater presents "When Knighthood Was In Flower." Monday evening, December 4.

Not only will the gaudy costumes of the reign of King Henry VIII be reflected from the screen but the attendants and employees of the theater will, for the time of the picture's engagement here, the habiliments of the days of courtly chivalry, jeweled gowns and embroidered doublets.

Costumes worn by Marion Davies, the star of "When Knighthood Was In Flower," will be reproduced for the attendants and employees of the theater, Manager Perry announced today. Costume experts from the Paramount studios, at Los Angeles, will arrive here this evening to direct the designing of the settings.

Charles Forsyth, orchestra leader at the Franklin, has begun preparations of the special musical program to be given in conjunction with the picture.

The story of Princess Mary Tudor, as portrayed by Marion Davies, and her romantic lover, Charles Brandon, the handsome youth of British nobility, and the court intrigue in which King Henry VIII forced the princess to wed the aged and dissolute Louis XII of France, has been told and retold since the premiere of "When Knighthood Was In Flower."

Drop in Radium Prices Closes Colorado Plant

DENVER, Colo., Nov. 28.—Radium has dropped \$50,000 a gram in price, and the Standard Chemical Company has been forced to close its carnotite properties in Paradox Valley, in Western Montrose county, Colo., throwing 250 men out of work, according to an announcement made by officials of the company here yesterday.

Discovery of vast deposits of pitch-blende in the Belgian Congo is said to be responsible for the decrease in price of radium, which is said to sell for \$70,000 a gram now, compared with \$120,000 a gram formerly.

OBREGON PLANS CHRISTMAS DAY AT SONORA HOME

MEXICO CITY, Nov. 28.—President Obregon is not a stay-at-home. Contrary to the custom of his predecessor, President Carranza, who scarcely ever left the capital, the present executive travels extensively and during his administration he has "gone visiting" on an average of once a month.

He never journeys more than a day's ride from Mexico City, but there is never a day of fiesta in any of the towns within that radius that is not attended by the president. His private car is stationed for travel at all times and, according to his aides, they are always prepared to go on a jaunt.

The president will take a swing through Northern Mexico next December, going first to Toluca and then through Nuevo Leon, Coahuila and Chihuahua to his native state, Sonora, where he will spend the Christmas holidays.

GEN. PERSHING

URGES TRAINING OF YOUNG OF U. S.

Says Conflict Comes Every 20 Years, Preparedness Necessary.

MINNEAPOLIS, Nov. 28.—An appeal to the nation to "look cold, hard facts in the face and not forget our obligations in the blind hope that we may not again engage in armed conflict," marked an address delivered here today by General Pershing under the auspices of the American Defense Society.

"At present we do not see definite indications, but none of us can tell whether we shall have war in five, ten or twenty years," General Pershing said. "If we knew now to a certainty that armed conflict would come in twenty years, there would be an immediate demand for preparations. Yet that is the approximate interval that we have had in the past between major wars. There is no reason to think that the immediate future will bring about a cessation of war, even though it was said that we entered the world war to bring about the end of war."

URGES MILITARY TRAINING.
General Pershing devoted most of his address to discussing the value of military training as a school of good citizenship, making reference in this connection to the findings of the recent educational conference in Washington. The conclusions of that conference, he said, were that the training given in reserve elements of the army and at civilian training camps "constitute as effective machinery through which much can be done not only to benefit the individual from the standpoint of his physique and self-discipline, but from the standpoint of his relations to the government that protects him, and which he is under obligations to defend."

WHAT STATISTICS SHOW.
The chief of staff stressed again draft statistics that show 50 per cent of the young men called out during the war to have been physically sub-normal, largely due to defects curable by proper training, and that one-fourth of the persons examined were "unable to read and write our common language, and that more than 10 per cent can not even successfully speak English."

DE VALERA OUT

WITH NEW DEF; FORMS CABINET

Irish Chief, in Hiding, Names New Republican Regime of His Own.

BY UNITED PRESS
LEASTON WIRE TO TRIBUNE.

DUBLIN, Nov. 28.—Eamonn de Valera today from his hiding place, defied the Free State by naming a new Irish republican government of his own.

The rebel cabinet, most of whose members are in jail includes: President and minister of foreign affairs, De Valera; minister of finance, Stack; home secretary, Rutledge; minister of defense, Liam Bellows; minister of local government, Sean O'Kelly; minister of economics, Robert Barton. With the announcement of the cabinet, pressing in the opinion of some quarters, a rebel offensive, the Free State troops renewed their drastic efforts to get De Valera.

"The Irish republican 'president' may be executed if captured. This was indicated in an interview by President Cosgrave of the Dail.

"Executions will not cease until the rebels have surrendered their arms," was Cosgrave's ultimatum.

MARY MACSWINEY JOINED BY SISTER.

DUBLIN, Nov. 28.—(By the Associated Press.)—Miss Mary MacSwiney, who was released from Mount Joy prison yesterday, the twenty-third day of her hunger strike, met her sister Annie in a private hospital in this city last evening. Annie, weakened by several days of fasting outside the prison gates, collapsed when she saw her sister, but quickly recovered and was taken to another hospital on a stretcher.

The order for Mary MacSwiney's release was issued by the provisional government to the military authorities, who acted promptly, and she was removed in a Red cross ambulance. The release came as a surprise to the citizens generally, although it had been expected in well informed circles.

Chicago Speech Of Clemenceau

May Be Pacific

Ex-War Premier of France May Modify Utterances to Allay Criticism.

CHICAGO, Nov. 28.—(By The Associated Press.)—Fresh from a night's rest in the Potter Palmer mansion on Lake Shore drive, where the roar of Lake Michigan must have tinged his dreams with visions of his cottage by the sea in France, Georges Clemenceau was up before dawn today, working on his third big message to America.

The aged war premier had confided to members of his party that his Chicago address, scheduled for 4 o'clock this afternoon, in the Auditorium, was to be a "message of peace."

It was said that it would be a wholly different address from those delivered in New York and Boston, which roused Democratic and Republican senators alike to attack him, and drew a formal statement from the British embassy at Washington.

SPEECH HELD SECRET.
But whether it would be more pacific, nobody but the Tiger could say—and he wouldn't say.

To his advisers in New York and to dozens of friends who have wired him, urging that he tone down his remarks so that they would not offend, Clemenceau has replied that he did not come to America to be "expedient" and that he must be left to deliver his message in his own way.

It was noted as his car sped west yesterday, however, that he spent almost all of the day alone in his compartment reading newspaper editorials and apparently deep in thought. Whether he concluded that his advisers were right, he did not disclose.

He refused again this morning to comment on the hot debate that was waged over him yesterday in the Senate, declaring that he felt he had fully answered in Boston the charges of militarism and imperialism and improper use of black troops hurled against him by Senators Hitchcock, Borah and others, and that he didn't want any more controversy with them.

SECLUSION SOUGHT.
The Tiger planned to spend most, if not all of today in seclusion, leaving the Potter Palmer house only to go to the Auditorium for his address. Members of his party were not sure, however, that he would stick to this plan. He has fooled them too often before with sudden decisions.

PIEDMONT LAYS

CHARTER PLANS

PIEDMONT, Nov. 28.—It is announced that the members of the recently elected board of freeholders, have been devoting much time and thought to the matter of framing a charter for the city of Piedmont and will, in a short time, place the results of their labor before the people for adoption.

In this connection it was pointed out today that Piedmont, which is a city of the sixth class, has no fundamental law of its own but is subject to the general laws of the state, applicable to all cities of this class which have no charter. As the city of Piedmont is completely surrounded by the metropolitan area of Oakland, its problems and conditions are different from those of any other city of its class, and many of the laws to which it is now subject are not suited to a community of its metropolitan character.

Those who are freeholders who have this work in charge, Elson Adams, Mrs. Ransom Beach, Oliver Ellsworth, E. B. Kimball, Theodore Lerch, R. A. MacLachlin, Arthur M. Merrill, W. O. Morgan, F. O. Nebeker, J. B. Richardson, Samuel Taylor, James Tyson, A. C. Wagoner, R. C. Warner and W. M. Wheeler.

BUSTED—LIKE ROTHSCHILD.
PARIS, Nov. 28.—(By International News Service.)—A millionaire beggar was arrested on the Rue Auber recently. Etienne Foulrel, 76 years old, was found begging on the street corner. Arrested and searched at the police station he had 60,000 francs in bonds, 1800 francs in gold, three gold watches, eighteen diamond rings, eight diamond earrings and a check book. The poor destitute wayfarer was detained by the police.

DR. BELL'S

Pine-Tar Honey

For Croupy Coughs and Colds
Mothers for years have relied upon this dependable prescription of a family physician to break up alarming, croupy coughs. You can depend on Dr. Bell's during long night-attacks of coughing. It loosens hard-packed phlegm, relieves congested areas and stops coughing. Children like this good old pure syrup of pine-tar honey. At any drug store. Refuse substitutes. PINE-TAR HONEY. Insist on DR. BELL'S.

TEN reasons why you should buy a Columbia

- 1—Stream-line Cabinet Harmonizes delightfully with your home furnishings. All finishes are beautiful and easily kept.
- 2—Automatic Record Ejector Eliminates the search for the desired record. An ideal place for your choice selections. Automatically cleans them before use.
- 3—Tone Control Levers Let or soft music as you choose—operate on same principle as pipe-organ control.
- 4—One-hand Top Easy to raise and lower without danger of damage or breakage.
- 5—Universal Reproducer which gives natural accuracy of tone because it is constructed to reproduce the proper balance between overtones and fundamental tones.
- 6—Straight Tone Arm which allows the sound waves to develop fully and naturally—unimpeded by joints and reflections—from the time they are picked off the record till they emerge through the tone arm.
- 7—Tone Amplifier which assures free and natural amplification. Size and design are the result of 30 years' constant experimentation.
- 8—Display Motor Brakes (to stop record) operates in the motor—not on turn-table. Noiseless gears. Unsurpassed. Easy to use or clean.
- 9—Ease of Handling Needles Three cups for different types. Used needles dropped into special receptacle. Extra convenience of needle insertion.
- 10—Non-Set Automatic Stop It stops the motor, without human aid, when the record has finished playing.

Buy a Columbia

and have a
REAL Thanksgiving!

THE folks are all going to be there with you. There's going to be a big, fat turkey and all the fixings and pumpkin pie—good stories, laughter, fun and good cheer at table—and then what? Wouldn't it be joyous if you could all troop into the front room, some one roll up the rug, some other one start the Columbia and then have a real old-time dance and frolic?

Sound good? You bet! And you needn't postpone the happy time of owning a Columbia Grafonola another day. Go to the nearest Columbia Dealer to-day. See the handsome stream-line Columbia models he has on display. Let the Columbia man explain the ten individual and superior points of merit that make the Columbia the most satisfactory phonograph that money can buy. Then make inquiries about prices. You will be astonished that this instrument, with more improvements than any other worth-while phonograph, can be bought for so little—and, too, the Columbia man will likely tell you of a Community Club purchase plan, by which you can get the instrument of your choice at once and pay for it on "a mutually satisfactory arrangement." Don't wait! Don't say "no"! Go and see! We know you'll love your Columbia.

THREE ARTISTS TO GIVE RECITAL ON KLX TONIGHT

Mrs. Waldo S. Rucker, Elinor Valentine, Cecilia Waldron on Program.

A vocal and instrumental program by three Oakland artists will be offered from Radio KLX, The TRIBUNE'S broadcasting station, this evening between 8 and 9 o'clock.

First will be Mrs. Waldo S. Rucker, pianist, in a number of

her own compositions, followed by Cecilia Waldron and Elinor Valentine, vocalists, accompanied at the piano by Pearl Barnes Ogilvy.

Mrs. Rucker is a native daughter of California and is known in music circles as Violet W. Rucker. She has credit. A remarkable feature in connection with her work is the fact that she is self-taught and her compositions seem to be the result of a natural gift. Two of her successful compositions are "San Francisco, Queen of Cities," and "Who Says You Are Sleeping, America?"

a patriotic song written during the war, which carried a stirring appeal to the masses.

Mrs. Waldron, who will sing several solos, as well as two duets with Elinor Valentine, is as well known by the radio audience as anyone, having entertained on previous occasions from Radio KLX. Her voice is strong and clear and one that never fails to please those who listen in on the other waves. She has been called "the woman with the radio voice."

Elinor Valentine, who is an in-

spirational artist in song, painting and verse, is an associate of Cecilia Waldron. Their voices in duet produce a quality of blending which is unusual.

The complete program for the evening will be found under the

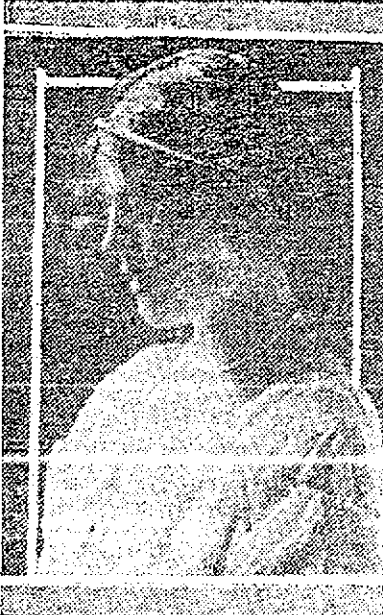

CHILE ADOPTS PROTOCOL
SANTIAGO, Chile, Nov. 28.—The senate yesterday by a vote of 16 to 14 adopted the Tacna-Arica protocol with reservations.

A trip by water from Cedar Creek, Montana, to St. Louis, was once negotiated by a man in an inflated rubber suit.

Burbank School To Present Play

BERKELEY, Nov. 28.—Thanksgiving exercises will be held at the Burbank school at 1:30 o'clock tomorrow afternoon, the program to be open to the public. A feature of the program will be the presentation of a play, "Little Heroine of the Revolution."

Other members planned are musical selections, "The Origin of Thanksgiving," by Mary Oliver, "The Landing of the Pilgrims" by Catherine Mitchell and the reading of Governor Stephens' Thanksgiving proclamation by Howard Stewart, all of the participants being pupils at the school.

Application for Membership

—IN—

The Technical Branch
Oakland Tribune Radio Club

I am a member of the O. T. R. C. membership No. and desire to be an active member of the technical branch which meets at the roof garden of The TRIBUNE every second and fourth Friday. I have been issued, or have applied for a renewal card in the O. T. R. C. for 1923. I will attend the next meeting and pay the secretary 25 cents for my first month's dues.

NAME
ADDRESS

Mail this to Mrs. Ethel L. Rice, 1152 East 12th street, Oakland, Cal., secretary of the technical branch.

NEW DEVICES TO BE SHOWN AT TRIBUNE CLUB

Radio Demonstrations Will Be Feature of Tonight's Meeting.

A demonstration of loop reception by radio frequency, a display of some of the latest pieces of radio apparatus, a musical program and dance numbers by Thelma and Doris Hubbard and Master Oliver Hyde, are included on the program of entertainment for the meeting of the Oakland TRIBUNE Radio Club tonight at Aahnes Temple, Thirteenth and Harrison streets.

Preceding the entertainment there will be a reorganization session, including the appointment of several important committees, one of which will be a constitution and by-laws committee. A regular monthly meeting date will be set. These important details were neglected following the organization of the club, which grew rapidly and soon became so large it was impossible for its officers to do more than fill out membership cards.

The meeting tonight is expected to put the club on a sound footing. There will be several interesting features of the meeting tonight, too numerous to mention here. Much new radio apparatus will be on display, and each place, its functions and importance in the proper tuning of a radio set, will be described by experts of the Western Radio Electric company. Edward M. Sargent, who is giving the technical course at the technical branch meeting of the club, is scheduled to make the demonstration of radio reception on a loop and radio frequency apparatus.

The program of entertainment in which some of The TRIBUNE'S juveniles will take part, will include the following:
By Doris Hubbard:
Musette, Waltz Song from "La Boheme."
Marchetta.

Driver of Death Car Given Term In San Quentin

SAN FRANCISCO, Nov. 28.—Sentenced to the penitentiary for from one to ten years following his conviction on a charge of manslaughter, William McAleny, who on June 17 ran down and fatally injured Mrs. Mary Agnes Burke, was preparing today to go to San Quentin.

McAleny was sentenced yesterday by Judge Harold Louderback, after his pleading to be given "another chance" failed to move the court.

McAleny is the driver who sped through a safety zone at Powell and Market streets where a crowd was waiting for a street car, and knocked down Mrs. Burke.

When arrested, according to the police, he was intoxicated. After the victim died he was tried for manslaughter.

"I could not think of grant-

ing probation in this case," said Judge Louderback yesterday. There are cases in which probation may give good results, but not in a case like this. In such a case it is my opinion that probation should be denied."

The University, the oldest in Europe, claims to have been founded in 425.

Bishop Thoburn Passes Away in East

MEADVILLE, Pa., Nov. 28.—Bishop James M. Thoburn of the Methodist Episcopal Church, died at his home here today after a lin-

Bowling was first played in London about the 12th century.

S&W Coffee
In
olden days—
IN THE olden days there was keen rivalry to buy coffee that arrived in slow sailing packets from "round the horn." That was because the coffee had aged and mellow'd during months of passage. But with the speedy transportation of today coffees are usually marketed too soon—at the expense of flavor. New coffee cannot have the soft mellow'd flavor that comes only from ageing.
The coffees used in the S&W blend are aged up to two years before roasting. This brings out the rich, mellow'd flavor that you will find in every cup of S&W Coffee. You'll be surprised at its different and better taste. Start serving it at once.

DEATH OF QUIST DUE TO SUICIDE, IS NEW THEORY

Woman Believes Miss Amick
was in the Plan But
Changed Mind.

Hidden papers, suicide pact, poison cane, a man dressed in woman's clothes, arch criminals, mediums and a forged will—all these things and many others are involved in the answers received today to the question "Who Killed Quist?"

The clues were submitted in competition for the \$50 and 100 T. & D. tickets which are offered as prizes to the best detective in Oakland.

"It was a suicide pact between Miss Amick and Quist," says Katharine Plunkett, 4100 Tenth street. "Quist poisoned himself but Miss Amick backed out. Harris' death was faked by the Dr. Ottomian, and Knott, a United States secret service man, in an effort to find Quist's murderer. Hidden papers will reveal suicide compact."

BLAME FOR HUSBAND

Mrs. D. A. Taylor of 340 42nd street, blames Miss Amick's husband, who put poison in Quist's book and then got revenge against his unfaithful wife by planting the bottle of acid in her room.

"Weak-minded Mrs. Quist has fallen under a spell cast upon her by an arch criminal, masquerading as a medium," says Mrs. Allen, 2015 Dana street, Berkeley. "This together with her long pent up feeling of bitterness against her husband, made her an easy tool and she killed Quist by poisoning the poisoned bottle on his desk."

Poison placed on the stamps that Quist liked by a person disguised as Mrs. Snoop killed Quist, according to Mrs. Ellen Deering, 1739 Park boulevard. This person also shot the poison dart that killed Harris.

ONE MORE SOLUTION.

Lillian Elvin, 704 A street, Hayward, says:

"I think Napoleon Knott was the sole murderer. Toadies, being a wise detective, knowing all the ways in which a good detective would solve such mysteries, knew how he could commit the murder and then cover his tracks."

"He seemed frightened when Speed threatened to call the police for he knew they would catch him and find evidence. It seemed very strange that Knott knew and detected so instantly the smallest details of the instruments that killed Harris. I couldn't say how Knott killed Quist but he killed him to avenge his father's death. Invisible Fingers was merely a stall used by Knott to throw suspicion away from himself."

Others entering clever answers today were:

H. M. Kallouss, 2431 Tenth avenue; Mrs. E. W. Mosey, 1859 Washington avenue, San Leandro; Viola J. Book, 4100 Kanning; rest; E. G. Severance, 1830 Eighth; third avenue; Dorothy Van Deren, 1321 Curtis street, Berkeley; Mrs. Maydalen Clark, Hayward; Mittie L. Stowers, Concord; L. N. Downs, 378 Belmont street; Mrs. F. A. Marvin, 448 Seventeenth street, Richmond.

Man Saws Off Limb Serving as Seat

PUNXSUTAWNEY, Pa., Nov. 28.

This neighbors knew Peter Remsen as an industrious man. Consequently they were not surprised when he announced he intended to trim up his trees and thus get firewood for the winter. Two were greatly surprised, however, when they saw Peter sitting out on a limb and sawing it between himself and the tree. They started to warn him, but were too late. The saw passed the critical point, the limb cracked, and down went Peter, saw and all. Unless complications set in Peter will be able to walk by spring.

STOP YOUR BUNION PAIN

Derma Viva whitens and beautifies the skin at once, regardless of its condition or your money back.

Woman Passenger's Hell Gets Answer

NEW YORK, Nov. 28.—A woman dashing madly to get aboard a subway express train reached

the door just as it was jammed in her face. Gasping to catch her breath, she glared at the guard and exclaimed, "Hell!" The guard quickly rejoined: "Just take the next train, madam."

Formaldehyde Light Fumigates Roomer

(By International News Service.)

was seen pouring from a room. The volunteer firemen broke down the locked door, finding a roomer in bed, with three formaldehyde candles—such as are used for fumigating—burning in the room.

Record Train Run Long Kept Secret

LONDON, Nov. 28.—A railway run in England is described in a document kept secret

for nearly 20 years, but now published in the Great Western Railway Magazine.

On May 9, 1904, one of the Great Western best engines from Plymouth to London attained an overall speed, exclusive of stops, of over 66 miles an hour, and at times during the journey exceeded 101 miles an hour.

RICH NEW YORK MEN TURN TO STAGE CAREERS

NEW YORK, Nov. 28.—Sons of wealthy New York families are turning toward the stage for careers.

Romeyn Park Benjamin, brother of the widow of Enrico Caruso, and a son of the late Park Benjamin, has announced that he soon will make his stage debut under the direction of a noted playwright, his friend.

J. Borden Harriman, youngest son of Mr. and Mrs. Oliver Harriman, has enrolled in a school for dramatic instruction with the intention of seeking a place in the theatrical world.

Plans Made For Education Week

ALAMEDA, Nov. 28.—Tentative plans for the observance of American Education Week were outlined today by C. J. Du Four, superintendent of Alameda schools. They include the co-operation of the clergy, the schools and the American League.

Open house will be maintained at both day and evening schools. The actual opening of Education week will take place next Sunday when the clergy of the city will take the subject as the topics for sermons. A special feature of the week will be the program which the Americanization classes will hold in the auditorium of the Port for school Friday, December 8, under the direction of Mrs. F. Evans, class instructor.

YOUNGSTERS IN PANTAGES BILL

Group Excels in Dancing, But Has Some Good Voices.

Juvenile entertainers top the vaudeville bill at the Pantages theater this week in "Youth," a revue that would do credit to performers of more advanced years.

There are eight or nine youngsters in the act, each one talented and able to work alone with success. They offer a variety of singing, dancing and musical entertainment that is as entertaining as it is novel.

The aggregation excels in dancing, rather than singing, however, although there are a few good voices. It was in the ensemble dancing that they won highest honors and their concluding navy number was above the average.

Sosman and Sloan provided the feature act in "Brightly Patterned Song" entitled "Between Dances." Both the man and the woman are clever in the rapid fire repartee work and she is possessed of a nice ballad voice. They were well received yesterday afternoon.

The balance of the bill is taken up largely with acrobatic acts and proved that even the vaudeville patron can have too much of a good thing. There were three gymnastic numbers which rather overbalanced the bill in favor of muscle.

James and Etta Mitchell opened the program with gymnastic stunts on a swinging horizontal ladder. The man did a semi-rube and had a good deal of laugh provoking material from his vulgarities. When they devoted their attention to exhibitions of agility they were pleasing.

James Mills and Jennie Miller, the Jennie being a man, with another acrobatic team featuring tumbling, rough and tumble dancing, soft shoe work and comedy culled from the much-abused Joseph Miller, Prosper and Marek closed the entertainment with straight acrobatic work of an efforted nature. Their work was smooth and polished and their tricks difficult. Their routine consisted mainly of hand-balancing.

A special attraction on the list this week is the motion picture showing Dwight F. McKinney's Sea Elephants' Exposition. It was designed to instruct as well as entertain, and accomplished its purpose.

SEATS FOR MOVIE To Be Reserved. Reserved seats will be sold for the moving picture "When Knighthood Was in Flower," which will open for an indefinite period at the Franklin theater Monday, the management of the playhouse announced today. Seats will be sold in advance for every night performance.

One of the features of the presentation of the picture will be the costumes, exact duplicates of the Tudor period, as used by the actresses in the play, which will be worn by the theater's users. The court costume worn by Marion Davies, the star of the picture, will be duplicated and worn by the head usher.

The musical score will be played by Forsyth and his Intimate-Symphony.

Couple Announce Wedding Sunday. The marriage of Dorothy Davidson, daughter of Frank Davidson, for years chief steward at the Emergency hospital to Charles Bayless, of San Francisco, was made known today. The marriage was performed by Rev. E. C. Rugles at 4326 Park boulevard Sunday. The couple will make their home at 2506 Market street, San Francisco.

Everything in Dentistry the Best. Instruction in dental and radiological work are in a class by themselves, as both skill and special study are required to attain the acme of perfection. This is my specialty.

Many of our leading dentists will not undertake this combined work, as they realize the necessity of knowledge and conscientious attention to the patient.

Cheap dentistry, like everything else "cheap," is expensive in the long run. Lustrous dentists have experienced this.

Knowledge and skill should be considered always. Demand the best and pay for it.

I make artificial teeth from \$20 up. My own invention, "The Roofless," is beyond compare in plate work.

NO GUMS NO ROOF NOTE SCHAFFHIRT SUCTIONS

Borah to Work for Russ Recognition

WASHINGTON, Nov. 28.—A campaign for recognition of Soviet

Russia by the United States is about to be inaugurated, in and out of the senate.

In announcing today that he expected to take a leading part in a renewal of the "drive" to bring

about a reversal of the administration's Russian policy, Senator Borah, Republican of Idaho, said he intended to put the Russian question squarely up to congress in the near future.

Add Something This Christmas to a Home You Love

When you give a present to "the family"—your own or someone else's—you're doing something more than giving a present to every member of it.

You're furnishing them all with something they can enjoy together!

It's not hard to pick out a gift that will please any household—if you turn to the Christmas Gift Suggestions columns in today's classified section and look over the attractive articles described there.

You'll find the most attractive gifts for families listed under the heading "For The Home."

Shop the Classified Way! Buy Now and by Then—Your Christmas Will be Complete

WALL PAPER

suggestions for the nursery

With the decorations you choose for your child's room you can stimulate imagination, encourage taste for beauty and promote habits of home-pride.

For the tiniest tots, select quaint toy or animal patterns in gay but harmonious color combinations that appeal to childish fancy.

These nursery papers, and patterns and colors well suited to the rooms of older youngsters, are displayed in profusion in both the Chris. Nelson stores.

Bring the children in when you come to make your selections. They will be delighted with the experience.

ROOSEVELT CLUB IS ORGANIZED BY UNBANNED BY STATE STALWARTS

Senator Johnson Repudiates
Idea of Resuscitating Pro-
gressive Party.

SAN FRANCISCO, Nov. 28.—Representing all of California north of the Tehachapi mountains, several hundred Republicans organized a Roosevelt Club last night at a banquet at the Palace Hotel. The address of the evening was made by Senator Hiram W. Johnson, who spoke on the Roosevelt ideal, and who repudiated recent allegations to the effect that the club aimed at resuscitating the Progressive party in this state. Instead, he declared, the Roosevelt Club intended to perpetuate the progressive principles of the Republican party, and to install the Roosevelt ideal in the hearts of all.

Leutenant-Governor C. C. Young, called the meeting to order and Albert E. Boynton, chairman of the Republican State Central committee, presided.

GIVEN FROM STATE.
In the course of his address Senator Johnson said: "By happy coincidence, 'Roosevelt's Realizable Ideals' were given to the world from California. Here where a more sustained effort for a longer period was made for Progressivism than in any other state, and where Progressivism was written into law as in no other commonwealth, it was singularly appropriate that the Rooseveltian realizable ideal should emanate."

"There is nothing strictly new or original in what Roosevelt thus presented, but the old truths and the new philosophy alike were embellished and given additional lustre by his eloquent simplicity and his conviction of the rightness of the cause. The restoration of the discredited purveyors of news, his ridicule of the individual who reserved all his goodness for didactic maunderings on Sunday, his exaltation of successful dishonesty will be long remembered."

PARTISAN CRY SCORED.
"He saw clearly, too, the hollowness and hypocrisy of the partisan cry of successful scoundrelism, and he pleaded that just as dishonesty was non-partisan, where honesty is involved, people should be non-partisan. We who have been through the fire in California know full well that there is no partisanship among the exploiters of government, and we know how often the cry of partisanship is used by those who seek only selfish advantage."

"We are here as Republicans. For Republican success we have striven in the past, and we will strive in the future; but if the question comes between dishonest Republican dominance on the one hand, and the welfare of California on the other, Progressives choose California."

RESPONSIVE TO PEOPLE.
The following resolution, under which the club was organized, was introduced by Theodore J. Roche, who has had charge of the preliminary organization:

"California, when the opportunity first was accorded under a direct primary, made government responsive to the people; and by honest and decency in politics, wise and humane legislation became the premier progressive state of the Union. That the men and women here assembled, members of the Republican party, who have contributed to past Republican successes, are determined that California's high and proud position shall be maintained, therefore, 'Be it resolved, That the Roosevelt Club, within the Republican party and as a part thereof, be and it is hereby constituted and organized that this organization shall be extended into every county north of the Tehachapi; that the purposes of the organization shall be the inculcation of the ideals of Theodore Roosevelt and the perpetuation of progressive principles and the success of progressive Republicanism; that the chairman of the evening name a nominating committee, consisting of seven members, who shall immediately retire and report to this assembly; nominations for permanent officers of the Roosevelt Club, consisting of a president, a secretary, a treasurer and eleven vice-presidents; that these permanent officers hereafter shall select

22 MORE DAYS TO SAOP

a permanent executive committee, consisting of the said officers and one from each county in the state north of the Tehachapi and fifty members at large; that this executive committee thereafter perfect the organization of the Roosevelt Club, and to the committee for that purpose full power is hereby delegated."

Company Boring For Gas to Supply Gilroy

GILROY, Nov. 28.—There is a prospect for Gilroy in the fuel line. When the Shell Oil company abandoned its search for oil at Sargent and filled the well, they paid no attention to the flow of gas from the bore. However, a company has been at work across the road from the location of the old Shell well and is sinking a well with the expectation of getting gas enough to lay a pipe line to Gilroy and perhaps to other nearby cities. The well is down to a depth of about 2500 feet and will probably not have to go much deeper as gas was struck in the Shell well at a depth of 2000 feet. The Shell Oil company abandoned its bore at a depth of 4250 feet.

75 Renewed Fords to Be Sold in 4 Days

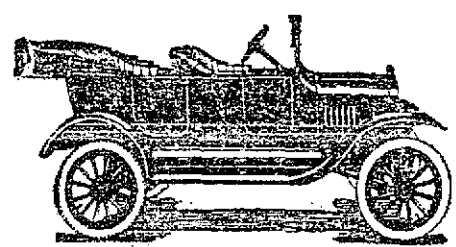

By Nelson N. Scotchler Co.

Authorized Ford Dealer

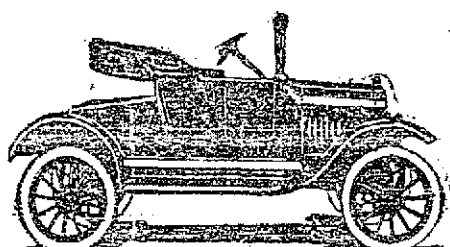

Shattuck and Durant Aves., Berkeley

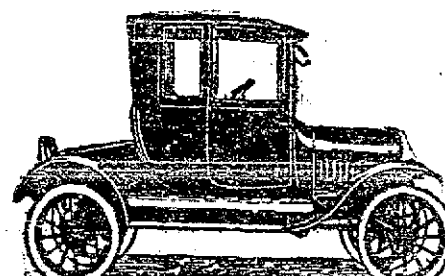

Sale Starts Wednesday Morning at 8 o'Clock

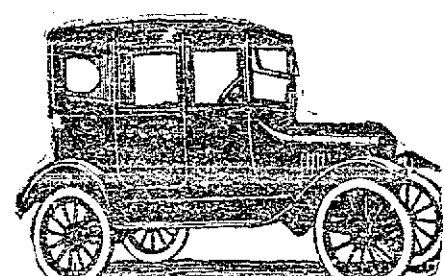

TOURING CARS

ROADSTERS

COUPES

SEDANS

Our entire stock of Renewed Fords, Touring Cars, Roadsters, Coupes, Sedans, all thrown together into the most brilliant array of automobile values in the history of Berkeley. It has taken us many weeks to prepare this stock for sale. We have spared neither labor nor material. The reductions came while these cars were in the course of rebuilding and, like most merchants, we accept our loss, and be done with it. Therefore, this greatest of all renewed automobile bargain carnivals.

The Time--The Place --The Reason

Tomorrow morning at the stroke of 8 we will launch the greatest and grandest and most sensational value-giving automobile sale ever attempted within the confines of this state. Automobiles that are accorded the highest places in public esteem will be sold here at prices and terms that will stand for many days as the high-water mark of values.

FIVE DAYS' TRIAL

Drive the car you select five days. If at the end of that time you are not entirely satisfied with the car

DRIVE IT BACK

And we will gladly allow you every dollar you have paid on it to apply on the purchase of any renewed car in stock.

Once Again Your Dollar Is King

Never in the entire dynamic history of the automobile business has such an event of startling moment flashed across the selling and buying horizon. Never in the history of automobile selling has so much value been offered per dollar. You may live a lifetime and never see such values duplicated. Your dollar has come into its own here at this sale.

Come Early Wednesday Morning and Come Prepared

When you leave home, bring along your check book—or at least a cash deposit of \$50 or \$100—so that you will be able to make a deposit on the car you select while you still can. Bear in mind that there will be at least 10 buyers for every car on hand, and it will be a case of first come, first served. Not a car will be reserved—we will play no favorites—friends or acquaintances—all will be treated alike. Here assembled is the greatest collection of remarkable Renewed Cars ever shown, and we positively will not reserve any car a minute for anyone under any conditions, except actual sale.

\$50

SECURES YOUR CHOICE OF ABOUT A DOZEN OPEN CARS

\$20

A MONTH WILL PAY THE SMALL REMAINING BALANCE

Buy On Your Own Terms

Pay down whatever you can spare in reason and the balance can be divided into a period of months to suit your convenience.

NO REASONABLE OFFER REFUSED

CASH or TIME

The man with a limited amount of cash is as welcome here as the man of greater means. You can pay cash—most people do. You can buy on time—our dignified credit extension plan will enable you to own a car immediately. Come here Wednesday—come prepared to make a first payment—select your car and drive it away.

\$100

WILL SECURE YOUR CHOICE of SEVERAL COUPES or SEDANS

\$25

A MONTH WILL BE ACCEPTED ON THE BALANCE

OPEN EVERY EVENING UNTIL 9 O'CLOCK --- ALSO THANKSGIVING DAY

"JAY WALKER" IS RAMPED FOR MANY ACCIDENTS

Executive Chairman of the
Automobile Association
Tells of Disasters.

WASHINGTON, Nov. 28.—Blame for the greatest number of street and road accidents in which automobiles and pedestrians figure is placed upon the shoulders of the "jay-walker," by M. O. Eldridge, executive chairman of the American Automobile Association. The public is entirely too ready to blame the driver, Eldridge declares, the first cry that goes up, as a rule, when such an accident occurs, is that the driver was at fault; when, as a matter of fact, in a large majority of cases the person injured was to blame.

Explaining a chart summary of traffic accidents in New York City, in which the fault or incapacity of the proper party is shown, Mr. Eldridge declared that while almost 50 per cent of the causes of accidents are unknown, the blame in the cases where the fault was determined was overwhelmingly placed on the injured one.

"Over a certain period of time in which 7327 accidents involving private automobiles, occurred, the police department of New York City found by thorough investigation that in 450 cases the driver of the car was to blame," he continued. "In 3168 cases, the person injured was to blame, and in 3683 cases the cause of the accident was unknown. With the heavy preponderance of blame placed on the person injured in the known causes of accidents, it is but fair to presume that the injured person was to blame in more than 50 per cent of the remaining 3683 cases. Basing this upon conservative estimates.

"During the same period of

time, in which 1209 accidents, involving taxicabs, occurred, the cause for 51 such cases was traced to the driver while 437 cases were blamed on the person injured, and the cause of 714 accidents remained unknown.

contention that no traffic legislation is complete until it provides a penalty for jay-walking. If a motorist is to be fined for disobedience of a traffic signal, then the pedestrian should be fined for jay-walking across the street, putting himself as well as every motorist in the immediate vicinity in danger."

ROTARIANS AID
PLEBLED TO BOYS
PLEBLED TO BOYS

The Rotary Club pledged itself to the service of the boys of Fremont High School, when four members, representing group 10 of the

club, attended a special assembly of the students yesterday and told the boys that the Rotarians are ready to advise and help them in their noble work.

Speaking in behalf of the visitors, Larry Moore said that the Rotary Club is interested in the education of all the boys, realizing that the boys of today are the men of tomorrow.

Charles Kears, principal of Oakland High School, and J. Sutton also addressed the students.

RICHARDSON BANS
ROAD OVERDRAGS
ROAD OVERDRAGS

SACRAMENTO, Nov. 28.—Warning to contractors that contracts for the construction of roads entered into with the State Highway Commission for which there are not funds in the state treasury will not be recognized by the incoming administration was issued here today by Governor-elect Friend W. Richardson.

Richardson's warning follows the issuance of a financial statement from the local offices of the Highway Commission showing an overdraft of \$250,000 on the estimated cash balance in the state highway fund which will be in the treasury December 1.

The governor-elect declared contractors who have entered into such agreements when money is not available to pay their claims are likely to find themselves without means of reimbursement.

"The law is very specific on this point," he said. "Contracts must not be entered into with the state unless the money is available to meet them."

The sale of \$5,000,000 state highway bonds was authorized several weeks ago, but has been postponed from time to time owing to the failure of the printers to deliver the bonds.

What's Happening
In the
THEATRE
By EMIL REINHARDT

Nelson N. Scotchier, known throughout the Eastbay as one of the real live wire authorized Ford dealers, is launching what is considered by many to be one of the largest renewed Ford car sales ever put over by any one dealer handling this line.

According to Scotchier, this sale has been planned for some time, every man's pocketbook. Every car has been put in the best of mechanical condition and after the initial payment is made by the purchaser he can drive the car away.

"We feel that every renewed Ford that we sell during this sale should have many miles to go. Only four days have been set aside for the disposal of the 75 cars which we are offering.

Scotchier points out that it will be impossible to reserve cars for anybody due to the numerous bargains which are being offered.

"We expect more people to visit our salesmen than ever before, and extra salesmen have been put on the staff to handle the rush."

JACK RUSSELL
CHARGE OF DON
CHARGE OF DON
FROM CENTURY

Comedian Does Two-Hour Monolog in "Joy Gems;" Music Is Feature.

The story of David and Goliath was retold at the Century theater last night in "Joy Gems" the new musical comedy.

Jack Russell impersonated David and the army of the Goliaths was welded into Goliath. In other words the principal comedian single-handed and alone successfully routed the ancient enemy of all laugh-lovers and marched with the banner of fun to a glorious victory.

As Adolph Heinz, Russell undertook the difficult task of carrying the success or failure of "Joy Gems." He was on the stage almost without interruption from the opening chorus to the closing and there was not a dull moment. In fact there wasn't a moment when the house was not resounding with the hearty laughter of the patrons. Usually a comedian is continu-

ally flanked by a "feeder," one who builds up the laughing structure and leaves it to the chief to put on the roof or knock off as the case may be. Last night Russell delivered a two hour monolog.

Surrounding him was a company that was on its toes every minute. Florence Spurrer as Mrs. Heinz kept interest in the marital woe of the Heinz family at high pitch. Walter Spencer and Ruby Lang supplied laughter and heart interest and Arthur Van Slyke and Jackie Brunea added materially to the atmosphere of jollity.

As there must be some counter attraction else one be surprised with laughter, "Joy Gems" has a musical program, par excellence. The melody section came to the fore with the opening number, a quaint colonial picture to the tune of an "Old Fashioned Garden."

Orla Carter followed shortly afterward with "Vamp Me" in which she was assisted by the Century Trio and won encore after encore. Then came Russell with his stultifying song, setting the house in a new uproar. He was forced to four encores and presented his idea of a female impersonator for one bit.

Ruby Lang and the trio offered "A Little Ray of Sunshine" that was all that the tide indicated.

Vera Knight and finished by Miss Knight and Russell won so many encores that the action of the show halted. All in all "Joy Gems" is great fun, enacted in a colorful and somewhat bizarre setting and dressed in picturesque fashion.—W. S.

SALESMEN HEAR PASTOR.

Children Cry for Fletcher's
CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher on the wrapper for over 30 years just to protect the coming generations. Do not be deceived. All Counterfeits, Imitations and "Just-as-good" are but experiments that endanger the health of Children—Experience against Experiment.

Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; cures Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

Bears the Signature of
Chas. H. Fletcher
In Use For Over 30 Years
THE CENTAUR COMPANY, NEW YORK CITY.

Auto Hurls Tire;
Man's Neck Circled
(By International News Service.)
CHICAGO, Nov. 28.—An unidentified motorist pitched a finger with an automobile tire near here recently, and Frank Kane, a farmer, has the evidence.

Kane was picking up corn in a field near the roadside when something struck him. Looking up he found an automobile tire encircling his body. It had been thrown by a machine which was fast disappearing up the road.

Real Estate Men
To Join Caravan

Members of the Oakland Real Estate Board who will make up the "Caravan" are preparing to attend the annual convention of the California Real Estate Association which convenes at Santa Ana on December 6. The convention will remain in session until December 9.

The caravan will consist of more than 50 members of the board led by Oakland made automobiles which will be donated by local factories. The expedition will be headed by Harry C. Knight, Daniel E. Lane, Earl B. Leonard, S. H. Masters and John R. Bowditch.

GRAYS ACT AS ESCORT

Twenty-two members of the Oakland division of the California Grays, commanded by Captain David G. Duncanson, acted as an escort of honor last night at the installation of Worthy Matron Marion Randolph Ridgway and Worthy Patron James Sanderson, Order of the Eastern Star, Golden Gate Chapter, No. 1. The installation ceremony took place at the Masonic Temple, 1000 Broadway and Market streets, San Francisco.

Makes a Family Supply
of Cough Remedy

Really better than ready-made cough syrups, and saves about \$2. Easily and quickly prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A child will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break severe coughs. To avoid disappointment, ask your druggist for 2½ ounces of Pinex with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., St. Weymouth, Mass.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the good that calomel does, but leave no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong purgatives. It is better to have a mild but sure laxative, and their effect on the liver is almost instantaneous.

Olive Tablets take its place. Headaches, "biliousness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.—Advertisement.

Instant Relief

to asthma and hay fever sufferers even in the most aggravated cases and those of long standing. One dose relieves the spasmodic contractions which cause so much agony in the person afflicted with asthma, relaxing the tense muscles, thus affording instant relief, and allowing the patient to get peaceful sleep.

Hay fever responds quickly to

ASTHMADOL

(Doyner's) and it prevents the disease resulting in chronic throat or bronchial afflictions.

ASTHMADOL gives INSTANT relief and permanent benefit in any case of asthmatic, catarrhal, watery, or itchy conditions of the respiratory tract. One dose gives INSTANT relief. Thousands of testimonials from grateful people who have been cured or relieved attest the fact that ASTHMADOL is truly a cough remedy. \$1.00 and \$2.00. DRUG STORE and other good druggists.

For a harmless but effective treatment, take ASTHMADOL, the new and effective remedy for Asthma, Hay Fever and Coughs. Price 25c.

These are some of the extra fine values that our New York buyers were able to get. Think of good looking kersey or mannish mixture coats at this low price! Belted and loose back models in assorted shades: some full lined. A regular \$12.50 value.

Women's
Fall and Winter
Dresses
\$8.66
Another remarkable offering is represented in these crepe de chine, Poiret twill, and satin dresses in straight line or drape models. Good assortments, some with pleated skirts, some braid or embroidery trimmed. Sizes to 42.

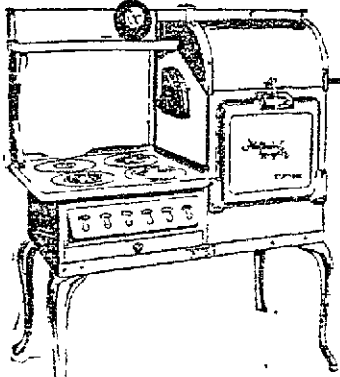

Men's Tub Silk
Shirts, \$3.98
A real feature item are these good quality, long wearing tub silk shirts in a beautiful array of colors and patterns. Well made, and full cut. Sizes 14 to 17½. Not so many in sizes 16½ to 17½, so big men should come early.

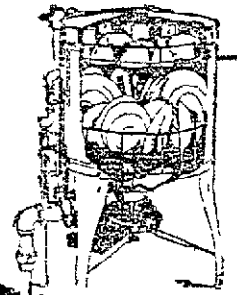

Don't Play Blind Man's Buff with Your Electrical Installation

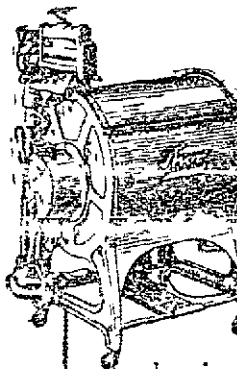

HOTPOINT ELECTRIC IRON—Achieves perfect results with least expenditure of energy. The cantilever handle, found only on the Hotpoint Electric Iron, carries the pressure of the arm and wrist on a direct line to the ironing, eliminating the tense grip and bodily strain required in using old style irons. It is equipped with attached heel stand.

THE SUPER AUTOMATIC HOTPOINT HUGHES—This range has automatic time and temperature control, eliminating the housewife's confinement to the kitchen. Has replaceable heating units. Oven has units for broiling and roasting. The Hotpoint Hughes is electricity's answer to good and easy cooking.

WALKER DISHWASHER—The one thoroughly practical dishwasher. On the market seven years and steadily growing in popularity. Thousands now in use. Directly connected with water supply and drain pipes and equipped with G-E motor. Practically eliminates the housewife's most disagreeable task. Current and soap power cost about 10 cents per week.

THOR ELECTRIC WASHING MACHINE—The Thor washes everything from fine laces to grimy overalls without any rubbing. It does the week's washing in half the time required by hand methods and eliminates the hard work of hand rubbing and rinsing. The Thor is scientifically constructed. Over 750,000 now in use. Has G-E motor.

THERE is a very definite way that you may know in advance what you are buying, both in electrical service and in material and appliances.

Haphazard buying of appliances and the employment of cut-rate contracting service inevitably bring disappointment and needless expense.

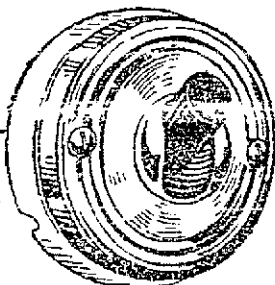

Go to the *qualified* electrical contractor and dealer, who will study your problems as a whole—the wiring, the outlets, the fixtures, the appliances—and who will present you with a solution complete in every detail.

Insist on standard electrical materials and appliances such as those which the Pacific States Electric Company, with a world market from which to choose, has selected, approved, and certified with the "check" seal of quality.

Some of these materials and appliances are shown on this page. Others will appear in later advertisements of this series. They are distributed through responsible contractors and dealers qualified in every way to give you the kind of service which you have a right to expect.

Look for the orange and blue "check" seal as a helpful guide both to quality in the electrical appliances and competence in contracting service.

The electrical appliances shown on this page, together with other standard electrical products, certified by the "check" seal, are described in our new booklet "The Electrical How for Householders." You will enjoy this booklet, with its many practical suggestions for the convenient and economical utilization of electricity in your home. It may be obtained free from any electrical contractor or dealer displaying this seal.

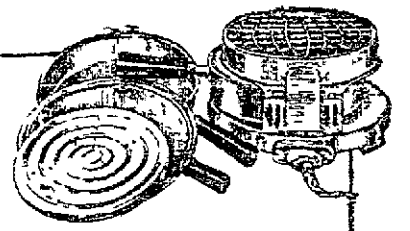

G-E TUMBLER

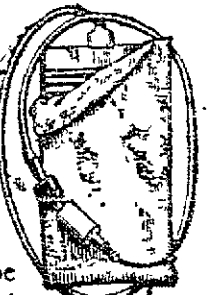

SWITCHES

The G-E tumbler switch is the latest device for electrical control, and stands up better than any other device.

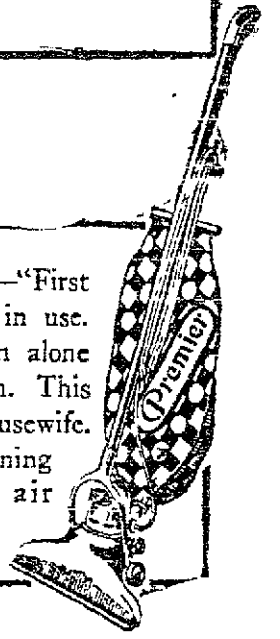

It's on, down and it's off. It can be operated with the arm or elbow should the hands be full.

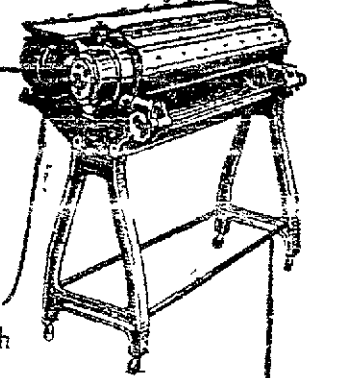

HOTPOINT RADIANT GRILL—Boils, broils, fries, and toasts—any two operations at the same time; one above and the other below the coils, at the current cost of one. Used in combination with the Hotpoint Ovenette, the Hotpoint Radiant Grill also bakes and roasts. Three heat adjustment economizes current.

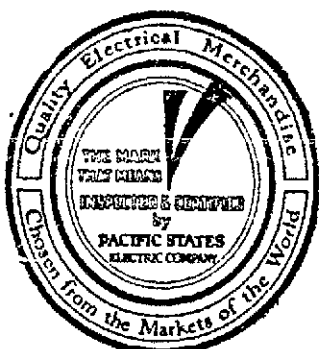

HOTPOINT SAFETY HEATING PAD—Successfully supersedes the hot-water bottle for all dry applications of heat to the body. Made of flexible interlocking sections which conform readily to the body curves, or may be wrapped around a limb. Any temperature between 100 to 200 degrees Fahrenheit easily obtained.

PREMIER VACUUM CLEANER—"First among cleaners." Half a million now in use. Cleans in two ways, by powerful suction alone or by suction plus a rubber-fingered brush. This feature is of great advantage to the housewife. Attachments include tools for cleaning mattresses, clothing, walls, etc. Has air cooled G-E motor.

THOR ELECTRIC IRONER—Does the average family ironing in about one fifth the time it takes to do it by hand—and does it better. Handles every thing from household linen to lingerie. Costs about 5 cents an hour to operate. Equipped with G-E motor. Automatic control.

MOST PEOPLE are willing to pay for it

Most people demand a certain service when buying their food, and would prefer to pay for it rather than be compelled to serve themselves. Our patrons receive this service, and without cost to themselves. When you consider Skaggs prices are as low and lower than the stores which ask you to serve yourself, you must conclude there is no saving through your serving yourself, or that such stores charge more profit than we ask.

Try a Skaggs Store and Market next. It's not only a saving way, but is most pleasing and satisfactory as well.

THANKSGIVING SAVING PRICES

MINCE MEAT
A good assortment, priced economically.

CAMPAIGN TO PASS WRIGHT LAW COST DAYS \$70,857

Report Shows That Water and Power Act Backers Spent \$158,000.

SACRAMENTO, Nov. 28.—The California Anti-Saloon League spent \$70,857.63 to bring about approval by the voter of the Wright prohibition enforcement act, adopted at the recent election, according to a statement of expenses filed with Secretary of State Jordan by A. H. Briggs, state superintendent of the league.

The chief items of expense in the Anti-Saloon League's statement were:
Salaries \$67,940.00
Traveling 16,530.00
Printing and advertising 1,227.50
Publicity 2,360.13

The Women's Christian Temperance Union statement said that organization spent \$1164.25 during the campaign.

Although today was the last day organizations or individuals had to file statements of expenditures made in support of or in opposition to propositions on the November ballot, the opponents of the water and power act, which was defeated, failed to file a statement.

The campaign committee for the water and power act filed a supplementary statement showing its total expenditures in behalf of the measure were \$153,192.33.

Expenditures by other organizations were as follows, according to statements filed with Secretary of State Jordan:

National Great Adventure, for single tax, in support of the single tax amendment, \$9435.16.

Executive committee of the California Lumbermen and Mark C. Cohn of San Francisco, in opposition to the State housing act, \$48,231.65.

California chiropractic campaign committee and Northern division of the committee in behalf of the

chiropractic amendment, \$77,662.17.

League for the Conservation of

chiropractic, osteopathic and anti-vivisection measures, \$8008.45.

National Association Against the Prohibition Amendment, Inc., southern division, in opposing the Wright act, \$718.

California Bar Association, in supporting the lawyers' bill, \$44,209.92.

League to Protect the Initiative, in opposing the act to increase the number of signatures necessary to initiate tax measures, \$10,140.58.

San Francisco Chamber of Commerce, supporting and opposing

various measures not mentioned, \$1,759.90.

Public Power League of Los Angeles, in support of the water and

floor of the building were driven to the street. Windows were shattered. Fire broke out.

Among the injured were Frank V. Davis, president of the canon, and

ler, pastor of the First Congregational Church, before the Parent-Teachers' Association in the social hall of the Longfellow school. Mrs. Frank Wilbur served as presiding

hostess for the social hour.

When arrested in Los Angeles, Nichols, who had offices in that city, and was formerly located in Oakland, presented bonds to appear voluntarily here. The charge, which involves \$6000, was preferred by Mrs. D. M. Heard, 308 Nineteenth street.

ALAMEDA, Nov. 28.—"The Relations of the Child to the Mother" was the subject discussed this afternoon by Rev. Harvey V. Smith,

various measures not mentioned, \$1,759.90.

LEGION TO NAME OFFICERS.

RICHMOND, Nov. 28.—Richmond Post, No. 10, American Legion, will hold nomination of officers at the next meeting, Friday

evening, December 5. The election will be held at the last meeting in December. Installation of officers will take place at the next meeting in January.

CAMPBELL MAY BE SELECTED AS U. C. PRESIDENT

Astronomer Said to Be Favored As Successor of Barrows.

Following the discussion last night of possible candidates for the presidency of the University of California, it became known today that the name of Professor W. W. Campbell, head of the Lick Observatory, is being seriously considered for the position by members of the board of regents.

A successor to David P. Barrows, who resigned as president some time ago, will be selected within the next week, it is reported. Henry Suzzallo, of the University of Washington, is also being considered by the board of regents who have canvassed the eastern field and declare it lacking in available material.

As an astronomer, Professor Campbell is one of the best known scientists in the educational world. His command of scientific expeditions to various parts of the country, one of which has been but recently completed, have given him wide executive experience.

Dr. Campbell was born on a farm in Ohio and obtained a doctor's degree at the University of Michigan, where he was later an instructor. He was awarded the Lalande gold medal by the Paris Academy of Science in 1903, the gold medal of the Royal Astronomical Society in 1906, the Draper gold medal of the National Academy of Science in 1906, and the Janssen prize by the Paris Academy of Science in 1910. He has been in charge of the Lick Observatory since 1901 and has directed expeditions into India, Spain, Flint Island and Australia.

Kindness Campaign Launched by Co-eds

UNIVERSITY, Nov. 28.—Co-eds of Northwestern University have opened a "campaign of kindness" on the North Shore.

The sororities have discontinued their regular semester dances, so that the money usually expended on them can be donated to charity. Entertainment of twenty-five factory girls for an entire Saturday was the first act of kindness the girls arranged.

BLUE BIRD BUREAU OF THE TRIBUNE

Goodfellows, who will soon be father has one arm and one eye and is trying to make a living for my mother, who is also crippled. I have two small brothers, one seven and the other three years. I am fourteen and I pack a paper route after school which helps a little. Hoping you will not forget us around your respective.

"Can you let an appeal like this go unheeded when it tugs at your heart strings to open those of your purse? Here I am letting you know I am a widow and I am left with three children. And would

like Blue Bird to help me. I am poor and have nothing. God knows how hard it is to dress them. Help me. I would like a doll and a huggy. Mildred 4, would like a doll and bed. The baby is six months old. So please if you have these things I would wish to have them for Christmas. It shall be a blessing and many thanks to—Who will it be that shall receive the mother's blessing. Your truly friend!

The Blue Bird today received the following call for help from the Associated Charities:

"Blue Bird Department—The TRIBUNE: Is there an idle sewing machine somewhere in Oakland? If there is, wouldn't the owner like to let it sit idle with the little number of four girls who would make it get busy?"

"Not only does she want to sew for her family but, owing to illness, she has piled up, and with a machine, she will be able to earn at home while looking after her little ones."

"Just phone the Associated Charities about that idle machine and put additional thanks into Thanksgiving Day."

The Blue Bird wishes to acknowledge \$15 in dimes, the savings of a year; check for \$5 "to be used by you for some left over little at Christmas," and \$1 from a friend.

GOODFELLOWS' BLANK

I will be Santa Claus to children. (As many as you wish). Please give me the names of children in

(Name what section of the city you prefer to have assigned to you).

(Sign your name and give address and phone number)

mirrored effort award this suppliant?

"Dear Bluebird: I was reading in The TRIBUNE where you were trying to help the poor families around the Christmas time. I thought I would ask you to try and help us if you possibly can as we are very much in need of help. My

Oakland Lad Wounds Self While Hunting

LODI, Nov. 28.—When H. Pasho, of Oakland, returned to his car from hunting quail in the hills east of here, he found his twelve-year-old son, Precipio, calmly awaiting him with a bullet hole through his left foot, accidentally inflicted. The lad became separated from his father, stumbled and fell in doing so the 22-caliber rifle he carried was discharged, the bullet making a clean wound. He was rushed to the Mason hospital where, after receiving treatment, he was removed to his home.

HE DARKENED HIS GRAY HAIR

Tells How He Did It.

Mr. J. A. McCrea, a well-known resident of California, who was called Daddy and Grandpa on account of his white hair, and who darkened it with a home-made mixture, recently made the following statement:

"Anyone can prepare a simple mixture at home that will darken gray hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1 ounce of glycerine."

"These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. It does not color the scalp, is not sticky or greasy and does not rub off."—Advertisement.

MOVIE ACTOR WEDS DIVORCEE

LOS ANGELES, Nov. 28.—Adelbert J. Dettler, known in motion pictures as Elliott Dexter, formerly the husband of Marie Doro, actress, and Mrs. Nina C. Untermyer, formerly the wife of Alvin Untermyer, New York attorney, was married here last night.

The ceremony was performed at the residence of Cecil D. de Mille, motion picture producer. The Rev. Edwin P. Ryland, pastor of the Mount Hollywood Congregational church, officiated. In obtaining the marriage license the bridegroom gave his age as 42 and the bride hers as 32.

Varicose Veins are Quickly Reduced

Strong, Powerful, Yet Safe, Surgeon's Prescription Called "Moore's Emerald Oil," Has Astonished Physicians.

There is one simple and inexpensive way to reduce dangerous, swollen veins and banches, and get them down to normal, and that is to use "Moore's Emerald Oil." People who have painful, enlarged veins should not neglect them for they sometimes burst and cause much misery and loss of time.

Moore's Emerald Oil besides being so marvellously antiseptic that it

TUESDAY, NOVEMBER 28, 1922

AMERICA AT LAUSANNE.

The conference at Lausanne has assumed greater importance to Americans with the active participation of Ambassador Richard Washburn Child. It is important as indicating a change in policy, a determination of this country to assume a certain amount of responsibility in the unravelling of the intricate knots which, because of strong pulls in opposite directions, have remained obdurate.

Child was not specific enough to remove all question as to the intent behind his remarks. Until there is an explanation from Washington it may not be disclosed whether or not he was speaking for an equal chance with Great Britain in the Mosul oil fields. It is interesting to note how the speech was interpreted in England and Turkey.

There are many in England who see the United States in the role of a country desirous of developing resources in Turkey, which, of course, means the assumption of European and Asiatic responsibilities, a new departure. The Turk, it would appear from the impetus the speech gave toward an agreement between Turkey and the United States, received the message as being an assurance that this country did not believe the Mosul fields should be opened to England.

The most that may be said at this date is the American ambassador is engaged in daily conferences with the Turkish delegates at Lausanne and is, evidently, authorized to speak for his country when the subject of division of wealth is broached. If this is true, the plea of Georges Clemenceau that the United States do more than look on in the Near East conferences was answered even as it was being voiced.

FILIBUSTERERS READY.

The peculiarity of American Congressional elections which allows one Congress to meet after another has been elected has done more than any other one thing to encourage the filibustering tactics in legislation. At the close of the special session now being held Congress will meet in regular session to adjourn before March 4. Unless the unexpected happens the filibusterers will force another extra session to be called by the new Congress that appropriations may be put through before July 1.

The ship subsidy program, the Sterling-Towner bill and a number of other measures have determined opponents, especially in the Senate. If the opponents may postpone action until adjournment they will know a new Congress with different alignment will be given the final decision. It is evident, despite cloture rules, and agreements, such an effort is contemplated.

In other countries the legislative body goes out of office with the session of the elections system in the United States an extra session before the end of the fiscal year, by which time appropriations to conduct government must be made is generally expected. Instead of being the unusual and the emergency procedure intended, it has become accepted for there are always enough members of the outgoing Congress who would delay legislation in the chance that the new Congress would treat it better, or defeat it.

A situation in which an old Congress functions for four months after the election of a new one has been responsible for complications and waste.

POULTRY AND PIGEON SHOW

To some persons poultry stands for the rooster which crows in the early morning hours and the hen which follows the path of new sown seed to ruin a garden. To them there is no difference between a Rhode Island red, a white wyandotte, and a black minorca. A hen is useful because it provides the best part of breakfast and the only good rooster is one boiled for dinner.
A visit to the poultry and pigeon show which opens tomorrow at the Auditorium will demonstrate to the uninformed how large a part these industries play in the development of the

county. Hayward is an egg and chick center known to the whole of the United States. Around that city are hundreds of ranches given over to the raising of chickens and pig-
stalled model houses and equipment. The growth of this source of wealth to the county is impressed strongly upon anyone who drives through the district and makes comparison with a few years ago. The pioneers in Alameda county poultry business put up tents and shacks and started from the beginning. Where these small plants stood may be found the modern poultry ranches which carry the name of Hayward and of the county to the whole country.

In rapidity of development the poultry business is one of the surprising industries of Alameda county. It is already a large business bringing in returns in the hundreds of thousands of dollars and each year it grows larger. With its growth the annual poultry and pigeon show assumes a greater importance. It is a show to attract many who are closely interested and to deserve the encouragement and support of the whole community.

MINING GAINS RECORDED

The total value of the mineral output of California in the year 1921 was \$268,157,472, an increase of \$26,057,805 over the 1920 total according to a bulletin published by the California State Mining Bureau.

There were fifty-one different mineral substances, exclusive of the various stones grouped under gems and all of the fifty-eight counties of the state contributed to the list. The year showed an increase in petroleum, gold and silver valuations as well as larger returns for crushed rock, cement and natural gases. Copper, quicksilver and lead were among the lines to show a decrease.

California yields commercially a greater number and variety of mineral products than any state in the United States, and probably more than any other equal area elsewhere on the earth. The total annual value of her output is surpassed by not more than four or five others, and those usually the great coal states east of the Mississippi. This state is the sole producer of borax, of chromite and magnesite. It leads the other states in gold, quicksilver, and platinum and has alternated in the lead with Colorado in tungsten, and with Oklahoma in petroleum.

The figures show that the value of the mineral production in Alameda county is \$1,353,690 for 1921, which places a county not widely regarded as a source of mineral wealth twentieth in the list. Another surprise, perhaps, comes with the figures on salt production which show this county last year produced \$370,296 worth of salts while that of the second county, San Mateo was valued at \$167,022. This was the only county to produce more than 100,000 tons of salts, the total being 108,525.

Another product of this county which may have been overlooked by local statisticians, is potters' clay, 6,079 tons of which were sold last year.

OPPOSE MUSCLE SHOALS LEASE.

A formidable committee of men long prominent in conservation movements has swung into line to defeat Henry Ford's proposal to acquire the Muscle Shoals project.

Objection to the Ford plan, these men say, is based primarily upon the grounds that a lease, such as the automobile manufacturer asks, would, in effect, nullify the Water Power Act of 1920. In that act are incorporated three principles which are designed to afford protection to the public and for which conservationists have worked for years.

One is that no water power grant be allowed for periods longer than fifty years. A second is, some rental should be paid to the government for raw water power. Finally, there should be public control of the rates charged to the consumers for the service rendered them by the lessee.

The Ford offer for Muscle Shoals contemplates a 100 year lease, has no provisions for rental fees, either large nor small, and would make the project exempt from regulation, state and national.

It is for these reasons the National Conservation Committee is fighting the Muscle Shoals offer. As the fight is to have some interesting phases before Congress, the committee's explanation of position is timely.

At the Lausanne conference there appears to be a Richard Washburn Child taking notes.

THREE TRILLION CROWNS.

Austria prints paper money at the rate of ten billion crowns a day. The total circulation has now reached three trillion crowns. If by some miracle the Austrian crown should now return to its old value of 20 cents there would be enough Austrian money to buy all the houses, lands, railroads—everything, in fact—in the United States, Great Britain and France. Six hundred billion dollars, which the three trillion crowns would be worth at pre-war exchange, is nearly twenty times the value of all the gold and silver that have been produced since 1492.

At the present rate of exchange the Austrian crown is worth about one seven-hundredth of one cent. The inconceivable mass of three trillion crowns is therefore worth \$43,000,000. If Austria does not stop printing paper money the crown will fall lower and lower. Barter, which has threatened in more than one European country to supplant money, will be the only means of internal trade and the nation will be shut out from convenient commercial intercourse with most other countries.—New York Herald.

The LANTERN

COPYRIGHT 1922

AS WIND AND SMOKE,
I cannot change the world; what
is will be.
The songs of poets are as wind and
smoke;
Tonight a star will shine, an owl
will hoot,
And clouds will sail indifferently to
sea.
Though Shakespeare's lyrics charm
the ear of time,
Not all his golden words can match
the rose;
The spring will follow winter's bar-
ren trail.
Whether a Dante plows or plies a
rhyme,
The pine-proud hills that pierce the
purple skies,
The soft still lakes that hear the
forest dance,
Remain to mock the minstrel's
empty lay—
Deluded fool who deems that he is
wise!
—Morris Abel Beer.

And Petrograd Fell.

Sir: Here is an incident of which I have just learned which absolutely will or will not interest Captain Fitzurse: When General Popovskiy was visiting Washington on his way back to Petrograd the last time, he was served shad with roe at an embassy banquet. He was seen to spread a little of the roe carefully over a cracker and so eat it. "Why," inquired a reporter of the general's interpreter, "does the general spread his roe on a cracker in that fashion?" The interpreter remarked, quick as the flash of Fitzurse's rapier, "It was caviar to the general!"

The Island of Howya Ar.
(Being the still further adventures of Jorge Ton O'Wash.)
October 11, The Island of Howya Ar has been described so often in song and story that I quite decided to look into it and see if I should have occasion to sing a different story. So, taking my new Drexel aeroplane for the journey, I soon arrived.

The part of the island which I happened to choose in landing proved to be the slope of a steep mountain. I noted that smoke was curling heavenwards from its summit, so I climbed up to see the crater.
Imagine my surprise on seeing a frail tent pitched on a shelf of rock within the crater a scant ten feet above the boiling lava! Braving the terrific heat as best I might I hurried down to see who these intrepid tent dwellers might be.
At my hall two very charming native girls stepped out from the tent wearing each a tiny of fronds and a skirt of hay. I gasped! Dry hay and a flimsy tent seemed strange things indeed to find in that howling fire.

The girls must have noted my consternation, for one of them said, "Don't worry, the tent is asbestos and our skirts are asbestos treated and quite incapable of catching fire!"

said I, "but why live in the crater of a live volcano?"
They looked at one another meaningly. "Oh," one replied, "we take daily lava baths in the hope that we'll soon be able to take our place among the other hard-boiled coeds in college!"

Whereupon I fled, precipitately. Don't fall to go with Jorge to Vulgaria and see thirteen of the sultan's wives.—Kay.

IN DESSERT PIECES.

If turkeys, chickens, ducks and geese
Cold storage will not release
Unless the price of them in-
creases.
Thanksgiving day should bring a
store
Of thankful hearts if nothing
more,
In line of greases
To lubricate your dried up soul—
Although no fowl in part or whole,
Unto your street and number roll
Thanksgiving day.

The world is groaning for succor,
When one can yet retain his fleece
On buying what his fond heart
pleases.
Thanksgiving day should bring a
store
Of thankful hearts if nothing
more,
In line of greases
To lubricate your dried up soul—
Although no fowl in part or whole,
Unto your street and number roll
Thanksgiving day.

Don Marquis.

ANOTHER SHIP NEEDS LAUNCHING

Excerpts from the National Press

New York Herald: "Accuracy has distinguished American marksmanship from the time a backwoodsman first barked a squirrel from a tree. It would have warmed the heart and puzzled the head of Simon Kenton, scout and hero of the Revolution and the War of 1812 if he could have watched the great guns of Fort Storey at Norfolk, Thursday, when they smashed a line of moving targets twenty miles out at sea. Twenty miles is well within the range of our largest coast guns, some of which can be accurately fired as far as thirty miles. The shooting on Thursday registered an advance upon the big gun marksmanship of the war; some of it was done not only at moving targets but from moving guns, in accordance with the latest theory of coast defense."

New York Sun: "Elderly gentlemen who make long speeches to small and bored audiences are failures as propagandists, the French newspapers have discovered, but chiefs who can turn out an orator that would inspire deathless verse in any hungry poet not only win favor for France, but what is more advantageous, they bring scores of chefs from other lands to Paris to learn the art of cuisine, long since conceded as an essential force of the French. However many may praise French literature, art or music, there has never been much doubt that as masters of the mixing bowl and the kitchen stove they have reached unrivaled heights."

New York Times: "I beg urgently," says Secretary Hughes in a telegram to the Governor of Texas, "to request that adequate measures be immediately taken to afford adequate protection for Mexican citizens at Breckenridge, and that I be advised telegraphically of the result of your investigation into this matter." It was high time for

the State Department to intervene. Too long had protests of the Mexican government against outrages upon its nationals in the border States fallen upon deaf ears or been pigeonholed after perfunctory assurances that protection would be afforded in future."

New York Herald: "When a southern Missouri sheriff a few days ago killed Jack Kennedy in the act of robbing a mail train he brought to an end the long career of one of the most notorious of Western bandits and broke a link in a chain of crime. Kennedy was a robber between the present and the days of the Jameses the Fords and the Quattris. Kennedy was a product of the Cracker Neck district in which the Jameses and their gang often operated and where they usually found a safe hiding place. The Jameses were Kennedy's heroes, but he excelled them in the number of his daring robberies, and he died, as most of them did not, with his boots on and a gun in each hand."

Baltimore American: "Notwithstanding Emerson's saying that 'a foolish consistency is the hobgoblin of little minds,' it does seem appropriate that there is something inconsistent in Miss Alice Robertson's attitude when she heard of her defeat. She is reported to have said that she had learned in office that women should keep out of politics. It is a curious statement for a woman to make right in the face of the Nineteenth Amendment, and considering the courtesy that Miss Robertson has had during her term of public service."

Kansas City Star: "We used to accuse California of voting wet because she had wine grapes for sale. And now, since prohibition, we sometimes suspect her of voting dry for the same reason."

MAIN STREET SPEAKS.

To the Editor of The Tribune:
This time through the medium of the County Grand Jury, typical of its main street attitude it deals in numbers and figures, entirely disregarding human values.

Finding that the number of men out on probation is large so that the probation officers are not in a position to give proper attention to the guidance of the probationers it does not recommend proper facilities for the probation officers, instead it goes off with the usual Main Street phrase, there is altogether too much probation recommended."

There is nothing in the report to indicate that any appreciable number of probationers have failed to make good, there is nothing in the report to show that the probation system has saved hundreds of men and women and made it possible for them to be an asset to the community.

The report does not show the families that have been kept together through the efforts of the probation officers, the report is also silent as to the helpless and innocent wives and children whose husbands and fathers have been restored to them and the families kept from becoming public charges.

Now as to the judges sitting in the criminal departments they are men of learning, experience and human sympathies, they deal with each case as it is presented to them (not as a statistical unit) but rather in the light and in accordance with the spirit of the penal law of California. They do not condemn a class, they are not startled by numbers, so they grant probation whenever in their judgment the case is worthy and the probationer is likely to make good in accordance with the merits of each case.

To have their actions in this respect criticized by laymen who know nothing of the facts, who have no conception of the spirit

of the law, is a mockery. A Paris weekly says the Oakland made application to Dr. Voronoff for a rejuvenating operation, but the surgeon declined, saying he could not think of giving life to one who ought already to be dead.
—Santa Barbara News.

That the people of California want the Volstead law enforced can no longer be doubted since the passage of the Wright act. The state vote was large enough to be conclusive. In this county the vote was almost two to one in favor of enforcement.—Watsonville Register.

A few minutes after he had preached a funeral sermon in which he spoke of the uncertainty and the shortness of life, the Rev. C. E. Pettis, 68, retired minister of the M. E. church, residing at Talmage, died against the shadow of his daughter, Miss Alice Pettis, in the automobile they were driving from the funeral parlors to the cemetery, sighed heavily, and died.

Rev. Pettis is the third pastor of the M. E. church here to die within the past six weeks.—Union Press.

On next Tuesday (November 28) Stockton is going to vote on bonds to the amount of \$1,300,000 for the purpose of constructing a reservoir on the Calaveras river to protect Stockton from future floods. Stockton recognizes the great value of flood control to the community.
—Merced Star.

Congressman Barbour will have the earnest support not only of his district, but of a great majority of the people of California in his efforts for the greater Roosevelt Sequoia park bill, this coming session. The interference with it has been of a local nature, but one unfortunately strategically placed.
—Fresno Republican.

about YOUR HEALTH

Why Whooping Cough Really Is a Serious Disease

By ROYAL S. COPELAND, M. D. Commissioner of Health, New York City.

I am prompted to write this article because my mail is full of letters from parents asking if children suffering from whooping cough should be kept at home. Whooping cough is an acute infectious disease. It is in the same class with scarlet fever, diphtheria and measles. All these diseases are serious because they are likely to be followed by secondary ailments.

Whooping cough affects the respiratory organs. It is characterized by paroxysmal coughing, ending in a "whoop." This may be followed by the discharge of infected mucus. Contained in this material are innumerable germs which are capable of transmitting the disease to other children.

The slightest irritation causes an onset of the paroxysm. Crying, eating too rapidly, and the inhalation of dust are among the common exciting causes of the paroxysm. The more guarded the life of the child and the more protected against these things which excite the paroxysms, the milder will be the disease.

We take a different view of contagion from what we used to take. It is hard for our old-fashioned folk to accept the new thought as fully as we should.

I may have one of these infectious diseases and you are safe in my presence, provided you do not come in actual contact with any secretion which carries the germ. The danger to society of the whooping-cough patient is not the victim himself, but the discharges from the nose and throat.

It is a child's old enough to understand and kind enough to desire to protect his playmates against the disease which is afflicting him so sorely, he can so order his life that he will not be a menace.

This means that the victim's own hands must be clean and always free from his own nasal secretions. He must not soil door-knobs, rulers, hand rails, books or playthings with mucus or saliva, because the fresh secretion if carried to another child and brought in contact with his mucous membrane may give the disease.

But because this is a task beyond the powers of practically every child, it is always wisest and best for the whooping-cough child as well as for the children with whom he would come in contact, for him to be kept out of school and at home. This is the reason a child with whooping-cough is not permitted in school.

Besides, the whooping-cough patient is a source of danger to the infection. That is, if he is neglected and brought in contact with a disease like tuberculosis, he may contract that ailment.

Don't neglect or trifle with whooping cough. Consider it a serious disease, and give to it the attention its importance demands. After the acute symptoms are over, the child may be in the air and sunshine, but mother's constant oversight is needed to see that the rules are observed. For the child's sake and for society's sake, keep him within the radius of your immediate control.

FREDERICK DUBOVSKY.

Largest Coast-Built Merchant Ship Leaves Ways

CROWDS SEE LAUNCHING OF 'CHIOLORE'

Hydraulic Releasing Gear Used For First Time At Pacific Port; Christened By Miss Josephine Tynan

Decorated from stem to stern with the colors of America, the largest merchant vessel ever built on the Pacific Coast took the ways from the Alameda yards of the Bethlehem Shipbuilding Corporation this morning, and came to rest, as if conscious of power, on the blue expanse of the estuary. Bands crashed forth into the strains of the national anthem, flowers were showered after the retreating vessel from the launching platform, the multitude lining both sides of the waterway cheered, and the "Chiolore" had started on the romantic life of an ocean-going vessel, bound for blue oceans of equal regions and chilly seas of the north.

Miss Josephine Tynan, daughter of Joseph J. Tynan, general manager and vice-president of the Bethlehem Shipbuilding Works, christened the ship with a bottle of real champagne, according to tradition, and her father operated the hydraulic gear which released the vessel, causing it to slide smoothly into the waiting waters. This is the first time that the hydraulic releasing gear, which is employed in Belfast and other important ship-building centers in Europe for the launching of ships of the size of the Mauretania, has been used on the Pacific Coast.

Among those attending the ceremony were: Robert Christie, general manager of the Alameda plant, who has superintended the construction of many vessels during and after the war; E. B. Hill, vice-president of the Bethlehem Steel Corporation of Pennsylvania; Harrison S. Robinson, vice-president of the Oakland Chamber of Commerce; Roscoe D. Wyatt, managing director of the Chamber of Commerce; Nicholas J. Whelan, chairman of the Board of Directors of the Coast Fire company; Orton Lucas of the Oakland Chamber of Commerce; C. W. Graham, Gordon Graham, Miss Margaret Tynan, Miss Ruth Williams, James L. Tattersall Jr., Buster Tynan and many others.

The vessel was baptized "Chiolore," the name indicating that she will ply between the ports of Chile, South America, and New York, via the Panama Canal, and that she will carry iron ore. She can carry a cargo of 20,000 tons and she is 571 feet long. Her moulded breadth is 72 feet, her depth 44 feet.

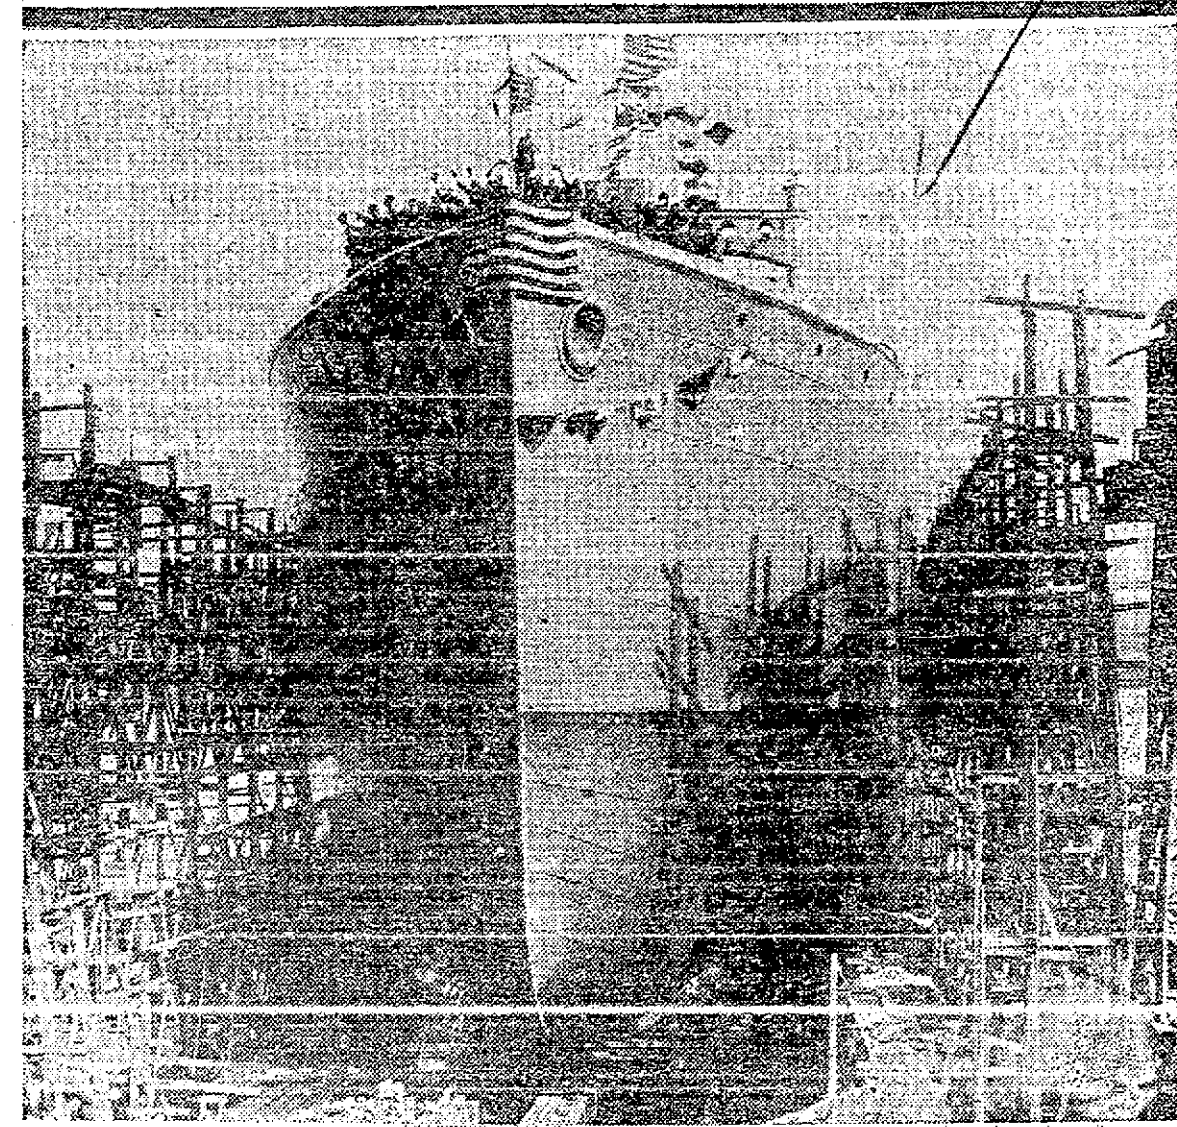

The keel of the vessel was laid last April and she will be completed and delivered to her owners, the Ore Steamship Company of New York, about April, 1923, and immediately will be placed in commission.

Policeman, Bandit Killed in Duel

COLUMBUS, O., Nov. 28.—(United Press.)—A policeman and a bandit were slain in a street battle here today. The officer, G. F. Koehler, was shot through the abdomen after he thought he had disarmed four bandits he had arrested for stealing an automobile.

Coast's Largest Merchant Vessel Launched

The "CHIOLORE" as she was about to leave the ways at the Alameda Works of the Bethlehem Shipbuilding Corporation this morning. The vessel is of such dimensions that she took up the entire width of the estuary. Below: MISS JOSEPHINE TYNAN, daughter of Joseph J. Tynan, general manager and vice-president of the Bethlehem Shipbuilding Corporation, who christened the ship with real champagne.

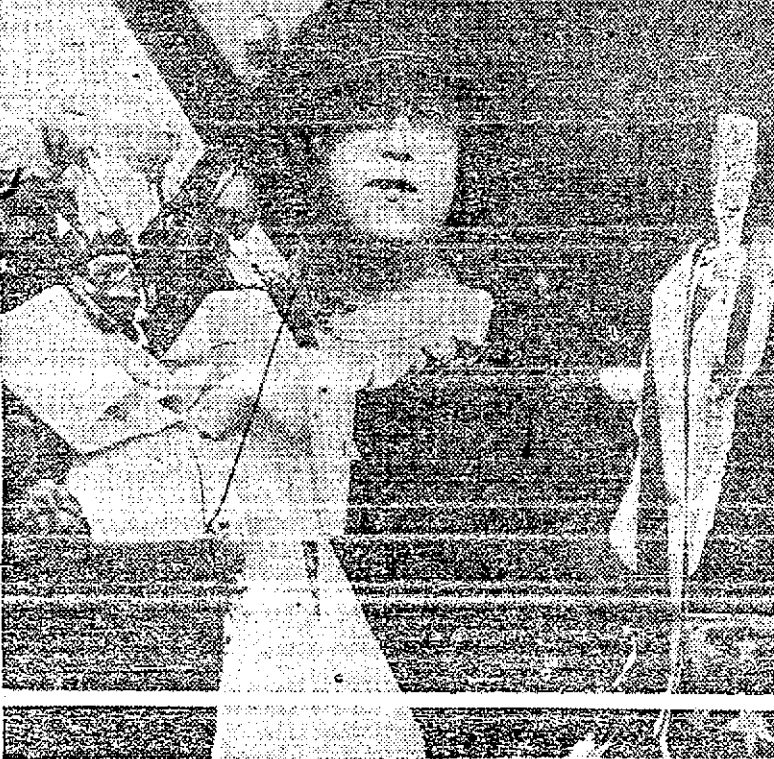

DIG OUT SIERRA SNOW FOR RALLY

O'er snow and ice, o'er crags and cliffs, Charlie Christensen and Billy Beyers are starting their long journey from the municipal camp, bound for Oakland, to attend the meeting December 6 of all the campers who have spent vacations at the big civic caravansary in the high Sierras. Charlie Christensen, caretaker of the camp, will be the feature of the reunion. He and young Billy were snowed in, but rather than miss the Oakland meeting they tunneled up out of their cabin, doused snowshoes and were well on their way when last seen.

Smoke, the black dog belonging to the camp, will not be present, according to telegraphic advice from the camp. Smoke engaged in a frontal dispute with the Hitch-Hitchy railroad. It is reported that Smoke is "scattered considerably" along the right of way. The argument, it is reported, happened the day before the strike at Hitch-Hitchy.

Prince, dubbed the "sunniest" dog in the Sierras, will be present at the reunion, however, as Prince is too smart to engage in these railroad disputes, and lets the trains severely alone.

Man Who Lost Memory Proves To Be Missourian

OMAHA, Neb., Nov. 28.—Identity of a man who forgot who he was, and who disappeared on September 29 from Goldman, Mo., and whose wife in that city had given him up for dead, was established as that of Otto Hoehne, of Kansas City, Mo., by a newspaper reporter, according to a story published here today by the Omaha World-Herald.

Hoehne was working as a dishwasher in a local soup house, although he appears to be well educated. While here he enrolled for a night course in bookkeeping at a technical high school, but found he already knew how to keep books, although unable to tell when or where he acquired the knowledge.

Hoehne, who is the father of two small children, and who formerly was employed by the Arctic Hotel here yesterday, had himself purchased the lethal drug in a local store, had signed the record, and that they believed he was a suicide. His motive was unknown, they said.

Twenty-six Drown In Spanish Wreck

BARCELONA, Spain.—Nov. 28.—Twenty-six women and children are believed to have been drowned in the sinking on Sunday of a local passenger steamer, which was rammed by a customs boat. Eleven bodies have been recovered.

MONEY TO LOAN ON HOMES

ALAMEDA COUNTY LOAN ASSOCIATION—Since 1875—563 Sixteenth St., Oakland—Phone Oakland 5300 (A Building and Loan Association)

Ku Klux Signs Put on Governor Parker's Mansion

BATON ROUGE, La., Nov. 28.—The mansion occupied by Governor John M. Parker was plastered last night with printed notices of a "naturalization" ceremony of the Baton Rouge Ku Klux Klan scheduled for Thanksgiving night.

The governor today saw hundreds of sticks arranged in rows appearing as tombstones on which were attached the dog-eared notices. He took the matter as a joke.

The downtown streets also were posted. The handbills invited the public to attend the ceremony.

Governor Parker is openly opposed to the Klan.

Veteran's Death Declared Suicide

LOS ANGELES, Nov. 28.—Police announced today that Vaden E. Hoover, 29, was a suicide.

Hoover, who is the father of two small children, and who formerly was employed by the Arctic Hotel here yesterday, had himself purchased the lethal drug in a local store, had signed the record, and that they believed he was a suicide. His motive was unknown, they said.

HINTED JAIL DOPE TRADE UNDER PROBE

Confessed Addicts' Charge Is Opposed As Unfair By Commissioner Colbourn; Investigation to Be Made

Frank Cummings' police court charge that opium, cocaine and other narcotics are matters of trade at the city jail, today brought a statement from Commissioner Frank Colbourn that the matter will receive thorough investigation. Colbourn, however, alleges that such remarks as Cummings' statement before Judge Tyrrell are not just to the police department.

Cummings, alleged narcotic addict, sentenced to jail, said he wanted to go somewhere else to "cure" himself of the narcotic habit. When it was suggested that he would have a fine opportunity for the cure while in jail Cummings scoffed that "anybody in the jail who has the coin can buy the hop."

"That is not quite fair," Cummings added. "Any dope addict can make that kind of a statement and help to get our institutions into disrepute. He should be compelled to prove such a statement, and I believe it is the duty of the police department to insist on corroboration."

"Of course, there is an underworld and its ways are devious. It is not organized, but it constitutes a sort of brotherhood, and its agents are many. It is always working. It may be that there are narcotics smuggled into this jail, as well as any other jail in the city, but indirect accusations of innuendoes against the administration of the prison do nothing except tend to lower the respect of the people for the officer who has these allegations should be substantiated or not made. The word of a self-confessed narcotic user is not sufficient to cause an overturn of the police or jail administration, but it is sufficient to make us a little more vigilant."

"We'll look into this matter and endeavor to see if there is anything in it. But unless there is some sort of proof, I regret the damage that such statements can make."

Oakland Post Listens to Nominees

Introduction of nominees for post offices, discussion of matters of general interest, and a talk on "The New Idea of Education in China" came before the former service men present at the regular weekly luncheon of Oakland Post No. 5, American Legion, held at 1546 Broadway yesterday.

Dr. John F. Slavich and Bernard Marvin, nominees for commander; John T. Edwards and Rector Robinson, for commander vice-commander; Stuart B. Bores, for junior vice-commander; Monroe Friedman, for adjutant; and Art Young, nominee for executive committee member, made short talks pledging their efforts for the continued success of Oakland Post in the event of their election.

C. Stanley Wood, of the Americanization committee, announced the participation of Oakland Post in the plans of the Oakland School Department for National Educational Week, next week.

Oakland Scenes To Be Given Visitors

Visitors to the bay cities from points outside California are receiving booklets and postal cards depicting Oakland scenes through the courtesy of a special committee of the Soroptimist club, according to reports at the business luncheon at Hotel Oakland yesterday. Mrs. Sue L. Ballard is chairman of the special group which has undertaken to spread the fame of the city. Strangers registered in San Francisco and Oakland hotels find in their mail boxes the attractive publicity matter accompanied by a club greeting card.

Adoption of a group in the Municipal Christmas Parade in the auditorium next month was referred to the auditing committee, for recommendation.

U. S. Cruiser Takes Quake Victims Aid

SANTIAGO, Chile, Nov. 28 (By the Associated Press).—The American cruiser Cleveland, which has taken relief supplies to the earthquake sufferers at Huasco, is expected at Valparaiso on Thursday.

OROVILLE CITRUS FAIR ON TONIGHT

Elaborate Preparations Made For Exhibition: Will Be Inaugurated With Street Carnival and Public Dance

(Special to The TRIBUNE.) OROVILLE, Nov. 28.—With the eleventh-hour preparations completed, and hundreds flocking here from all parts of the country the eighth annual Orange and Olive Exposition will open here tonight at the municipal auditorium. The carnival will continue throughout the week.

Scores of attractive exhibits have been grouped about the floor space of the auditorium. The auditorium is decorated in green and gold—green for Queen Wilhelmina, ruler of the land of olives, and gold for Queen Cecilia, ruler of the Orange domain. Large American flags and bunting also formed the decorations.

William Gibbs McCauley, who was to arrive late today from Fresno, will formally open the exhibition and be the speaker tonight. He will be introduced by Walter J. Sharkey, president of the Oroville Chamber of Commerce.

STREET CARNIVAL

Proceeding the evening's meeting, the Chico High School band will furnish the music for the dancing and for the street carnival. The surprise feature of the evening will be provided by twelve of the town's prettiest girls, who will give a short vaudeville sketch. Miss Harriet Jacoby will take the leading part.

The chorus is made up of Mae Harris, who will take leading part in other presentations during the week; Edith Bates, Lotta Peterson, Elvone Neuhaus, Mary Anderson, Lilly Brandt, Nora Nordmark, Fern Damon, Hazel McBride, Vera Stokes, Vivian Sharkey and Lois Levy.

The coronation of King Oroville, Roland King; Queen Wilhelmina of the Olives, and Queen Cecilia of the oranges will be held tomorrow night in the auditorium. Special features have been arranged by Harry Langenour, manager; and O. Dodge, art director. In a scene of palms, golden and green drapes with a canopy of an Oriental bazaar, the royal will take their vows.

The Maryville Boys' Band and the Melody Men Orchestra will provide the music. Following the coronation there will be a series of spectacles, with Oroville girls taking part.

OWNS HAVE BOOTH

Exhibition booths have been taken by the towns of Banner, Mammoth, Table Mountain, Wyandotte, Palermo, Thermaito, Biggs, Orland and Paradise, by the Oroville Chamber of Commerce, by the United States Plant Introduction Garden, Stewart Fruit Company, W. A. Hammon, Bee Keepers' Association, Central House, Edmund Olive Company, California Peach and Fig Association, Pacific Telephone and Telegraph Company, Mount Ida Packing Company, Ford Federated Packers, Chester Cole, architect; Sacramento Chamber of Commerce, City of Paris, Route county school, Oroville High school, Red Cross of Oroville, A. Vaughn & Son, East Highway commission, the Native Daughters of the Golden West, Tablers' Grocery, Paul Osburn, artist; County Library, and Pacific Gas and Electric Company.

Man Wounded By Police Shot Wants Damages

If policemen, shooting at bandits accidentally wound an innocent citizen, is the city liable to damages to the injured citizen?

Charles Chimento wants to know. Chimento was the dock-hunter walking at Ninety-fourth avenue and East Fourteenth street at 5 a. m. on October 22, when the police squad under Captain Thorvald Brown engaged in a pistol duel with auto bandits and killed two of them. Chimento had a gun in his hand and a few shots were directed at him by mistake. He was shot in the knee and in the neck.

Today Chimento suggested to Commissioner Frank Colbourn by letter that the city should pay damages for its misdirected bullets. Colbourn laid the matter before City Attorney Gray, who is still conning the problem.

In most cases, asserts Gray, a municipality is immune from damage suits; but in a case where personal injury is inflicted by a civil officer, it is admitted that there is some question about it.

SEANCES CITED IN DIVORCE SUIT

The predilection of his wife for the ouija board and spirit seances with her mother, in which spirits told her that he was a "bad man" and was "keeping company with other women and was untrue," is cited by Harry F. Agnew, Berkeley contractor, as sufficient cause for him to be granted a divorce and custody of two children, Harold, 9, and Lloyd, 7.

The charges are contained in a cross-complaint filed to the divorce suit of Mrs. Mattie Agnew, who charged her husband with interfering with her religion, with nagging and with associating with other women.

Admitting that he was in the company of another woman on the night Hearst hall burned down, Agnew denies that he had his arms around her. He denies drinking "orgies" with failure to provide, and charges his wife with calling him a "dope coward and infidel," and declares she said: "If I had known you would live this long I would never have married you. I thought you would go to France and never return. I hate you and never did love you."

On one occasion his wife threw a knife at him and when he dodged it she declared: "I wish it had stuck in your skull," charges Agnew. Returning home on one occasion he found his wife in a hysterical condition, and it was then she declared that she had engaged in a seance with her mother and that her father's spirit had appeared and told of Agnew's alleged association with other women, his husband says.

Whaler Tows Three Mammals to Port

SANTA CRUZ, Nov. 28.—The Fort Samuels, the whaler operated by the Sea Products Company, caught three whales the latter part of the week. All were of the fin-back variety. The mammals were towed to the company's whaling station at Moss Landing.

RED CROSS DRIVE ENDS TOMORROW

Generous Support Promised in County For "Greatest Mother in World;" Postal Employees Join Campaign

The Sixth Annual Roll Call of the American Red Cross, inaugurated on Armistice Day, will close tomorrow night. Co-operation in the broad program of friendship to the ex-servicemen and their families, in public health, in instruction in first aid and home care of the sick, of preparation for times of emergency, has been generously pledged to Oakland chapter by the men and women within its jurisdiction.

The dollar memberships which are an expression of endorsement to the work undertaken by Oakland chapter in co-operation with the national society are recording a generous enrollment in the local patriotic group.

The complete returns will not be received for several weeks as large industrial and commercial firms are still at work canvassing their employees.

Officers of Oakland chapter are urging that business houses, organizations and individuals, make as rapid reports as possible that the books of the society may be closed. Checks for membership individually or by groups may be sent directly to the headquarters of Oakland Chapter, Oakland City Hall.

Joseph J. Rosborough, postmaster, this week called attention of the members of the Oakland chapter to the work of the American Red Cross. Membership lists are being circulated in all departments and sub-stations, together with reports on the work which has been accomplished by the society during the past year.

A large membership is being rolled up in the eastern end of Alameda county which is within the jurisdiction of Oakland chapter. Mrs. F. V. Jones of Niles has undertaken to launch an intensive drive beginning Saturday. City chairmen who are making up the annual reports are: Mrs. I. B. Parsons, Hayward; M. G. Callahan, Livermore; Luis Ruschlin, Newark; Mrs. Thomas Silver, Pleasanton; Mrs. O. Hendrick, Centerville.

Appeal for Y.W.C.A. Funds to Be Made

Mrs. Katherine Willard Eddy, of the foreign division of the national board of the Y. W. C. A., will be the principal speaker at the "animator party" which the local association is to give tonight at its headquarters in Webster street. Mrs. Eddy is in Oakland in the interest of the nationwide campaign of the organization to raise \$500,000 to carry on its world program.

Comfortable vision is vital to health, body and mind.

PEACE DOVE IN TIERNAN'S HOME BUT RESTLESS

First Wife Disturbed Over
That One Day Chicago
Honeymoon.

SOUTH BEND, Ind., Nov. 28.—Peace reigned in the John P. Tiernan household today following a stormy reconciliation with his wife. But Professor Tiernan was all but anchored to his home. An invitation from Mrs. Blanche Brimmer at Marshalltown, Iowa, his "bride of a day," to join her in Iowa, stood between the professor and Mrs. Tiernan and marred prospects of a permanent reunion.

Mrs. Tiernan, at the same time, demanded to know what her husband's relations had been with the Iowa widow during their brief honeymoon in Chicago Saturday. She was not content with her husband's explanation that it was a "public

honey-moon," that he did not have his bride alone a single moment. Tiernan still views the whole affair as an interesting "case." Whatever his legal status towards the Iowa woman this apparently is the trend of his love.

When Mrs. Brimmer called the professor on the long distance telephone insisting she was his wife and pleading that he come to Iowa and live with her, he replied:

"I intend to live with whomever the law of Indiana decides is my wife."

Professor Tiernan, who wrote a standard text book on "The Conflict of Laws," holds that his marriage to the widow was automatically invalidated when the divorce from his first wife was annulled by Judge Montgomery here Saturday.

HAWKEYE BRIDE WANTS.

MARSHALLTOWN, Ia., Nov. 28.—(United Press).—Professor John P. Tiernan's Iowa bride today was waiting for her husband to come to her. Following a conversation with the former Notre Dame professor over the long distance telephone, Mrs. Blanche Brimmer Tiernan announced she expected Tiernan to arrive Wednesday morning.

Just what the conversation was about the Hawkeye Mrs. Tiernan has refused to reveal. But she said she was going to fight for her rights against the claims of Mrs. Augusta Tiernan.

She believes Tiernan will demon-

strate his loyalty to her as soon as doubts about the existence of another marriage bond are cleared up.

County Attorney A. B. Hoover declared he had been retained to investigate Mrs. Tiernan No. 2's previous marriage with Arthur H. Brimmer, and that he would send the facts to Professor Tiernan.

Mrs. Tiernan, then the ex-Mrs. Rash, married Brimmer at Oskaloosa in September, 1919, but Brimmer had another wife at the time, according to Hoover, and was not divorced from her until March, 1920. Under the Iowa law Mrs. Tiernan's marriage with Brimmer was void.

Mrs. Tiernan was expected to go back to her parents, Rev. and Mrs. Charles Hawn, at Hansell, Ia., and then possibly return to Marshalltown for her expected meeting with Professor Tiernan.

**Amnesia Victim
Regains Memory**

PORTLAND, Nov. 28.—J. C. Coombs, of Sacramento, who wandered for four months in an amnesia fog, following a battle with thugs in Sacramento on the night of July 12, 1922, was on his way home today.

Coombs came to his senses here last Wednesday night and reported to the police. Sacramento authorities provided the means for bringing the man home.

THREE QUEENS OF DOLLDOM—Here are the three prize winners in the Doll Show at the Hotel Oakland. The show is given every year for the benefit of the West Oakland Home.
—Photo by Steff Correspondent.

SENATOR-ELECT'S FAMILY—This photo shows Mrs. Thomas F. Bayard, wife of the newly elected Democratic Senator from Delaware, and their children. Mrs. Bayard was Elizabeth Bradford du Pont, daughter of the late Dr. Alexis du Pont. Bayard defeated Senator T. Coleman du Pont, Republican.
—Copyright by Underwood.

THE LONG AND THE SHORT OF IT—There's one rule that applies to all short skirts, and that is a foot rule. Al Christie, (kneeling) says the measure of a girl's stylishness is in a measure of her skirt. He is demonstrating to Vera Steadman (center) how her clothes can be brought up-to-date like those of Dorothy Devore at right.

"LOOK PLEASANT, MISTER PILSUDSKI!"—But Marshal Pilsudski, chief of State of Poland, merely smiled inwardly, so the photographer snapped him anyway. He is reserving his outward smile until he sees the results of the coming election for the post he now holds. The Conservative party has started a campaign in favor of Paderewski, noted pianist-statesman, who, it is reported, may run against the marshal.
—Keystone Photo.

THEY COULD PLAY IN REAL GOLD DUST IF THEY WANTED TO—Here are Edward B. Jr. and John R. McLean, sons of Mr. and Mrs. Edward Beal McLean of Washington, D. C. They are known as the "Hundred Million Dollar Kids." They are shown playing on the strand at Atlantic City, N. J. When this photo was taken the future multi-millionaires were being guarded by a corps of detectives, for fear of kidnapers.
—Keystone Photo.

THE CYPRESS SENTINEL—This is perhaps the most pictured spot in California. It is Cypress Point, near Carmel-by-the-Sea. Artists, photographers and poets try to portray the beauty of this scene, but Dame Nature insists on an actual visit before the place is fully appreciated.
—Photo from Louis Allen, 2837 Regent Street, Berkeley.

JOHN D (IME) ROCKEFELLER—Here's the latest posed picture of the oil king. Not only did he allow himself to be shot but he presented the photographer with a shiny new dime. This picture was taken at his home at Pocantico Hills, Tarrytown, N. Y., after much pleading by the cameraman. Recently it was stated in the press that Rockefeller was saving thousands of dollars annually on "little drops of solder," through saving one drop of solder on each oil can that was sealed.
—Keystone Photo.

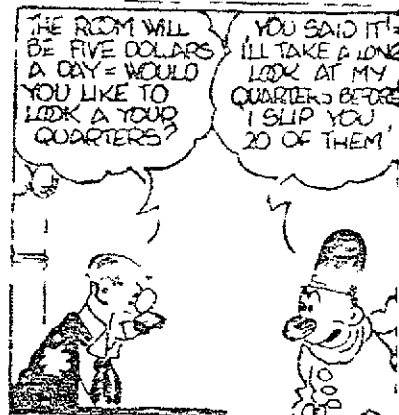

COUNT AND COUNTESS HAVE A "ROYAL" TIME—They've started a new and exclusive club at the Ritz-Carlton. They are Count and Countess Zichy and their club is to be known as the "Cercle-Coburn." It will be under the patronage of Lord and Lady Montbatten. They are seen here in one of their exhibition dances.
—Keystone Photo.

Formerly women used to dress to attract men, but now it seems to be a fixed policy to obtain the same effect by taking off as much as possible.

OAKLAND PRESS CLUB FORMED BY CLUB FORMED BY NEWSPAPER MEN

Seventy-Five Eastbay News
Writers Sign Roll of
New Organization.

Founded for the purpose of forming a closer relationship between newspaper men of the Eastbay district and for the exchange of social intercourse, the Press Club of Oakland came into being at a meeting which was held last night at the city hall.

There are seventy-five newspaper men on the charter roll of the club. Only active newspaper men, now employed on editorial staffs of the papers in the Eastbay district and San Francisco are eligible to active membership. Associate membership is open to persons intimately related to newspapermen and their work.

At the meeting the following officers were elected for the ensuing year:

Roy H. Danforth, president; T. A. Goldstein, vice-president; Ralph Hosler, treasurer; William H. Mason, secretary.

Board of directors, to serve two years—Albert Clark, Joseph Whitman.

To serve one year—Wood Soanes, T. D. Foster, Jack Cook.

The chairman appointed the following standing committees:

House—Seth Bailey, Jack Cook, Robert Brookhagen.

Membership—John Bruce, Burdette Sanders, Claude Chaplin, Stuart Neale, W. M. Hale.

Ways and Means—Wood Soanes, Joseph Whitman, Al Baum.

Entertainment—Robert Shaw, H. H. Sweetser, W. W. Vaughan, E. S. Pladwell, H. J. Fitzgerald.

**Direct U. S. Aid For
Ships Under Fire**

BY ASSOCIATED PRESS
LEASD WIRE TO TRIBUNE.

WASHINGTON, Nov. 28.—The direct government aid section of the administration shipping bill was the next target for amendments when the House, meeting an hour ahead of time today, resumed consideration of the measure upon which a final vote will be taken tomorrow afternoon.

The bill as it stood today had been amended in six more or less vital particulars as the result of the first day of reading for amendments yesterday.

Regarded as the most important of the amendments adopted was that cutting out badly the provision under which ships in American vessels would receive an income tax rebate amounting to 5 per cent of the transportation paid.

Others adopted eliminated the section permitting sale of ships by the shipping board without advertising or competitive bidding; increased from 2 per cent to 4 1/2 per cent, the minimum interest on loans from the revolving fund for ship construction; and provided that the steamship Leviathan, the biggest of the government fleet, should not be sold for less than the cost of her re-conditioning, placed at \$8,166,000.

BUILDING TIUP AVERTED.

WASHINGTON STUDENT SHOT BY POLICEMAN

SEATTLE, Nov. 28.—By International News Service.—Dick Holbrook, 20-year-old University of Washington student, is at the point of death in the city hospital here today, shot through the chest above the heart as the oil-max to an alleged midnight revelry. Holbrook was shot when Patrolman J. H. Carlberg's revolver was accidentally discharged in attempting to quell a near riot among three university students.

With two companions, Holbrook was returning to the university district after a downtown party, it was said. He hurled a large flower pot at Officer Carlberg when the patrolman commanded the trio to halt. The flower pot struck the officer in the chest, and the policeman's revolver was discharged.

A recommendation of life imprisonment instead of death, a verdict of guilty was returned in Superior Court here at 9 o'clock last night in the case of Bernard Kryks, charged with the murder of A. C. Harler, his partner in the garage business, at Dixon. This, the second trial of the case, lasted for six days. The first trial resulted in a disagreement. Kryks will receive sentence Friday forenoon at 10 o'clock.

Hurley was beaten to death with an iron bar July 15, 1922. Kryks put in the place of self defense, testifying at his own trial that his partner had attacked him.

1220 BROADWAY, N. Y.

ST. MARY'S ON EDGE FOR GAME WITH SANTA CLARA

KERR'S BOYS TRYING TO FORGET SATURDAY'S DEFEAT BY PLANNING FOR GAME WITH PITT

SANTA CLARA AND ST. MARY'S PREPARED FOR ANNUAL CONTEST

Missionites Have Edge On Dope for Get-Together Game After Eleven Years of Separation.

By DOUG. MONTELL.

And now comes another classic of the gridiron, possibly not so far reaching in its fame nor one which will bring the football public to such a point of high interest but one which will provide the devotees of the sport with a real Thanksgiving dish on Thursday afternoon. The meeting of Santa Clara and St. Mary's on the gridiron, an event which has not transpired for the past eleven years, is an event of supreme importance to fans of this section. The two Catholic colleges, separated for many years over a petty squabble, the cause of which was lost sight of years ago, are at last to come together. Red and Blue will line up opposing Red and White at the kickoff and fortune has ordained that the two teams should be evenly matched for their get-together party.

California Field, Berkeley, the scene of many a hot football struggle, will be the meeting place of these two warring eleven Turkey Day afternoon and the Berkeley Hills, looking down upon the scene, will send back echo after echo as the two rival rooting sections, first one and then the other, cheer on their favorite gladiators.

Neither Side Is Claiming Victory.

These are the days of final preparation in both the St. Mary's and Santa Clara camps. Neither Coach Buckingham of the Missionites nor Coach Madigan of the Saints has issued a statement assuring their followers of victory. Neither is certain enough to make such an assertion. Both claim that their charges have an excellent chance of returning the winner. Santa Clara perhaps with the greatest confidence with an air of paper hope in their favor.

Comparative scores, that delightful "dope" wagon with which all take keen enjoyment in wrestling and juggling before a big game, says Santa Clara has the edge by a matter of two touchdowns. St. Mary's will not concede it—Santa Clara does not claim it.

The Missionite followers, the undergraduates, have never seen a Santa Clara varsity victorious over St. Mary's. The same goes for the St. Mary's collegians. Neither faction can speak with experience of say which has the better right. It is all like starting life anew, this resumption of athletic relations between Santa Clara and St. Mary's.

There are many excellent ways of comparing the work of the two teams throughout the season. Judging by a comparison of the scores of the teams they have met, no criterion of what is to come by any means. Santa Clara has the edge at every turn. Holding Nevada to a 7-7 tie, the latest triumph of Santa Clara, the Missionites have a one touchdown edge over the Saints, who lost to Nevada early in the season in their first game, 12-21.

California, victorious over both, defeated Santa Clara, 45-14, defeated St. Mary's 41-0. Santa Clara scored two touchdowns through the work of Johnny Logan in blocking and recovering two of Nisbet's punts. St. Mary's blocked one punt, but failed to score a touchdown when they recovered.

Against the Olympic Club Santa Clara showed their best game of the year. St. Mary's, their worst, the Club beating Santa Clara 9-0, beating St. Mary's 28-7. Stanford defeated Santa Clara 7-0. Santa Clara defeated Arizona in San Francisco. St. Mary's lost to the Wildcats at Tucson. All in all the Red and White is the favorite.

St. Mary's Stars Who Will Meet Santa Clara

Coach Madigan's Saints are reported to be in better shape for the game with Santa Clara at California Field, Berkeley, Thanksgiving Day than are the Missionites. One glance at these huskies of the St. Mary's squad lends strength to this statement. From left to right (above), the Saints are: "HUSK" LAWSON, end; "JUMBO" COLLINS, guard, and "FAT" McNEILL, center. Below is JIM BOLGER, who will start the game at left halfback, according to an announcement by Coach Madigan this morning.

Pitt to Find Stanford in Its Best Form

Cardinals Will Spend Month Building Up Offensive Power.

By TOM IRWIN.

STANFORD UNIVERSITY, Nov. 28.—Stanford's dressing rooms and football fields will be vacant all this week and the first part of next week while Andy Kerr and his men rest after their tussle with the Golden Bear. Stanford varsity is not yet down with its football season. It has to play a big part in one of the chief athletic attractions on the coast on December 10 when Glenn Warner comes West to array Pitt against the men of his chief assistant, A. Kerr.

Kerr can do much with his comparatively green men in a month. He will be able to restore lost weight and pep to welcome well men back from the injured list, to more nearly perfect his organization, and to put a greater polish on his first-year machine.

Thornhill will be able to add offensive tactics to the line already quite proficient in the art of defense and will have the advantage of pointing out mistakes freshly-made before such ideas grow cold. Instead of relying on spring practice, Kerr and Thornhill will be able to go on from the last day of practice last week. And by December 30 the Stanford eleven will be as dangerous a contender for honors as the successful representative of the East could wish to meet.

Beginning on Wednesday of next week Kerr will have practices regularly three times a week until December 20, when final examinations are over. From then on until the 30th the team will work out both morning and afternoon every day.

The Warner system is no different from any other in the method of instruction. To be well schooled in any system, a team must first learn defensive tactics. A year is not too much time to devote to the defense alone. Kerr and Thornhill have succeeded this season in building up a reliable springer defense, but have been strongly criticized for what has been characterized as the "lack of punch."

True, he is still without a heavy plunging fullback, a necessity for the successful offensive of any team. With a threat such as Duke Morrison or Archie Nesbitt in the backfield, Stanford last Saturday would have done more than make a last minute drive into California territory. Stanford could not pass because the California defense was always set for an aerial attack. They had no fear of any backfield man going through their line for substantial gain and consequently played a loose formation. That has been the chief reason for the Cards' lack of punch all season. They were shy an essential threat.

Given a month to put eight good

Missionites Prepared for Saint Mary's

Santa Clara Has Slight Edge in Dope On Thanksgiving Contest.

SANTA CLARA UNIVERSITY, Nov. 28.—With the "Big Game" between Stanford's valiant red-shirted athletes and Andy Smith's California Bruins now but a matter of history, all eyes are being turned on California Field, where, on Thanksgiving Day, Santa Clara will battle with her ancient rival, St. Mary's College.

For twelve years a breach has existed between St. Mary's and Santa Clara, which for reasons best known to the respective faculties of the two big western Catholic institutions was kept open, until the efforts of a clamorous public and eager alumni closed the breach with the result terminating in Thursday's game.

The playing of George Malley, who has been subbing for Johnny Logan since the Olympic club game, has been the talk of the followers of the Mission eleven. Malley is playing his first year of varsity football and will prove a worthy successor to Logan, who graduates next May.

Buckingham will announce the line-up which will face St. Mary's at tonight's rally. This is the only team at Santa Clara, but last-minute changes are always possible, so a positive lineup of the Missionites will not be known until just before the whistle blows.

On dope Santa Clara looks to have a little the edge on their transbay rivals, but dope and comparative scores do not make football victories. Every man on the Santa Clara eleven knows that Captain Black and his Red and Blue eleven will be fighting for St. Mary's, but he may be in for a few moments at least.

Coach Buckingham and his assistants had the team out for practice again today. None of the boys were seriously injured in the Nevada game, so the team should be in wonderful condition by Thursday, barring accidents. John Logan, who did not get a chance in the Nevada game, is now fit and ready to start. Al Haloran's injured shoulder still makes him a casual, and he will probably not be able to start against the Saints, but he may be in for a few moments at least.

Light backs into shape, however, and Stanford will be in an altogether different position. Moreover, there will be time for experiment. Perhaps the big man they have been looking for may be found in the weeks before the Pittsburgh game.

Fight Results

NEW YORK, Nov. 28.—Not a prospective champion was unearthed at Madison Square Garden last night as the result of Jimmy Johnson's "White Hope" series of heavyweight bouts. The best showing was made by Pat McCarthy of Boston, who won easily in four rounds from Indian Joe Stanton of California.

Johnson's particular hope, Gypsy Daniels, failed to impress in gaining a four-round decision over Stewart Bell of Houston, Texas.

TOLEDO.—Bill Tate, Chicago, knocked out Tut Johnson in the fourth round.

CINCINNATI.—Ever Hammer won from Knockout Marris on a foul in the eighth round.

YOUNGSTOWN.—Tony Zili won a decision over Johnny Ray, Pittsburgh, in 12 rounds.

DETROIT.—Bob Sage won all the way from Navy Rostan, Chicago, in 10 rounds.

BALTIMORE.—Nate Carp of Baltimore and Kid Wolfe of Philadelphia fought 12 rounds to a draw.

BOSTON.—Pancho Villa, fly-weight champion, defeated Young Montreal.

BROOKLYN.—Johnny Dundee, New York, won decision over Phil Belmont, New York, 12 rounds.

McKEESPORT, Pa.—George Erbe of Buffalo outpointed Ray Pryel of Homestead in ten rounds.

Chet Dolley Reported Out of W. S. C. Game

LOS ANGELES, Nov. 28.—The injured knee of Chet Dolley, quarterback of the University of Southern California football team, has begun to pain him again since practice has been resumed and it is doubtful if he will start against the Washington State eleven at Pasadena Thanksgiving Day, according to Coach Elmer C. (Gloomy Gus) Henderson.

Harold Galloway will probably start at quarterback. Galloway was one of the stars in the game against Idaho and his defensive work is said to be superior to Dolley's. Galloway also has speed, and in the game Thursday, Coach Henderson says, he will play his fastest men in the backfield. Tiernan, Campbell and Baker are the others who are expected to start in the backfield for the Trojans.

Coach "Gus" Welch and the Cougar eleven are expected to arrive here today and will go directly to Pasadena, where practice will be held.

ALAMEDA ALERTS LOSE.

VALLEJO, Nov. 28.—The Alameda Alerts lost to the Y. M. I. basketball team on Sunday by a score of 88 to 16.

The visiting team was outclassed by the local stars throughout the contest.

Tia Juana Track Is to Open at Once

SAN DIEGO, Nov. 28.—Indications today were that James W. Cofroth will open the Tia Juana race track as planned on Thanksgiving day.

With the opening race but 48 hours away, another delay in the court action brought by Jerome Bassitt, a dissident Cofroth, has been granted. This time the matter is referred back to the federal court at La Paz, from the justice court at Tia Juana.

Indications were that the decision, even if it favored Bassitt, would not be handed down in time for the opening.

Cofroth, who is lying in bed with a broken shoulder, sustained in a fall last week, is directing his opening plans by telephone and today stated he had no doubt about opening the track.

Bassitt, on the other hand, is still hopeful that an eleventh-hour decision will turn the track over to him.

There are 350 horses at the track today and preparations are complete for the opening.

CHAMPAIGN, Ill., Nov. 28.—James McMillen of Gray's Lake, Ill., star guard on this year's University of Illinois football team, last night was elected captain of the 1923 team at a dinner given to members of the team by the Champaign Rotary club.

Yale Undergraduates Satisfied With Tad

NEW HAVEN, Conn., Nov. 28.—Complete satisfaction with the work of Tad Jones, both as football coach and as an inspiration for clean athletics, is expressed in an editorial which appeared in the Yale News today.

"Yale is absolutely satisfied with what Tad Jones is giving to Yale football and to Yale," the News says, "and she is most sanguine of the future."

"The team, the undergraduates and the authorities connected with football are as one in wanting him to stay."

Syracuse Runners Win Cross Country

NEW YORK, Nov. 28.—Syracuse University yesterday won the annual intercollegiate cross-country run over the six-mile course at Van Cortlandt park.

Yale was second and Massachusetts Institute of Technology third. The point scores for the varsity team race follow:

Syracuse, 75; Yale, 108; M. I. T., 113; Columbia, 118; Cornell, 119; Maine, 145; Dartmouth, 153; Princeton, 169; Harvard, 162; Penn State, 211; Pennsylvania, 227; City College of New York, 259; New York University, 283.

THE FINAL CALL

A RIPPING, SMASHING, AND SHATTERING of HAT PRICES

CLOTH HATS

That formerly sold for a good deal more. If you are going to buy a cloth hat, you want it at a great big saving to you. It is the height of extravagance to spend money when you can save.

BIDS CALLED FOR RAILROAD CARRIERS FOR ALASKAN R.R.

Bids to Be Opened Dec. 27
For Transportation of
17,500 Tons of Cargo.

A heavy service awaits the winner of the bids for transportation of supplies to Alaska, for which the government is now calling. Sealed proposals for this service will be received by the general purchasing agent, Alaskan Engineering Commission, Bell street terminal, Seattle, up to 11 a. m., December 27.

The bids call for furnishing transportation between Seattle or other Puget Sound ports to Seward or Anchorage, in Alaska. Approximately 7500 tons of railroad material and 1000 commission employees are to be taken to Anchorage for the construction of the Alaskan railway. In addition, there will be 10,000 tons of commercial freight and cargo to be handled during 1923. This latter will move on bill of lading between Puget Sound and the Tanana and Yukon river stations. Copies of the circular detailing the requirements of bid may be received by communicating with C. E. Dowd, chief purchasing agent, room 306, Commercial House, San Francisco.

The main part of the work on the line is now being carried on between Nenana and Fort Crook and between Nenana and Dawson, Yukon Territory.

Arrived

10 a. m.—Dorothy Alexander, str. Can, 24 hrs. from San Diego via San Pedro, 24 hrs. passengers and merchandise to Pacific S. S. company.

FOR SHIPMENTS OF COAST ORDERED

**\$15,000,000 Expenditure For
Carriers Announced By
Fruit Express Co.**

Traffic congestion such as has been brought about in the past year through car shortages and other contributing causes, bids fair to become largely a thing of the past. Announcement of expenditures on a tremendous scale for improvements to avoid future congestion both in the handling of freight and passenger traffic were made in San Francisco today. These announced expenditures include the buying out of 25,000 cars, the Pacific Fruit Express company for the construction of 5000 refrigerator cars to be delivered early in 1923.

In connection with this announcement it was stated that the 1920 cars to be provided by this new expenditure were in addition to 2500 new cars now being built. The new cars will give the concern a total of between 25,000 and 29,000 cars, to be used exclusively on the lines of the Southern Pacific and Union Pacific. Joint owners of the Pacific Fruit Express. They will be operated for business originating exclusively in California, Oregon, Washington, Idaho, Utah, Colorado, Arizona, Texas and Louisiana.

Word was received from the Railroad Commission in San Francisco to the effect that the San Francisco-Oakland Terminal Railway today petitioned for authority to issue \$15,000,000 six per cent equipment trust certificates.

The money is to be used to purchase 15 new coaches of center entrance type and steel construction, to cost \$17,500 each. In petitioning for authority to issue the certificates the railway company reported that its passenger business was rapidly increasing. The action of the San Francisco-Oakland Terminal Railway company marks one of the steps in the improvement in local service planned by the company, and which will include the expenditure of more than \$1,000,000 for a new type of street car.

It is also announced that the company has purchased new rails of the heaviest type, to be used on Telegraph avenue from Fifty-fifth to Berkeley. This improvement involves the expenditure of more than a quarter of a million dollars. Greater speed and easier riding cars are the principal results of the use of rails of this type.

Extension of the interurban service of the Southern Pacific to Hayward, and an express service over the Key Route tracks and street car lines into Berkeley also are being considered, it is stated.

Women to Produce Eastbay Pageant

Plans were launched this week for an elaborate pageant to be produced, probably in February, under the joint direction of Miss. Caro Roma, musician and composer, and Miss. Anais Nollere. The poems of the late Joaquin Miller have formed the basis for the story which will be told by means of music, song and drama. Miss. Nollere is the author of the unique work which will offer a visual demonstration of the development and progress of the Eastbay cities. Miss. Roma will compose the music for the entire pageant. The feminine directors announce that a cast of at least 200 will be required to produce the spectacle they have in mind. According to the sponsors a local charity will benefit from the production.

Pioneer Passes George W. Reed, prominent attorney and political leader, whose funeral will take place to- morrow from the Elks' lodge rooms.

DRYS TO REJOICE OVER WRIGHT ACT

The passage of the Wright act, increasing the scope of prohibition enforcement, will be celebrated tonight at a mass meeting to be held in the First Congregational church at Twelfth and Clay streets. The meeting is scheduled to begin at 7:45 o'clock.

Judge E. C. Robinson of the Superior Court of Alameda county will preside. Addresses will be made by Chester Rowell, T. M. Wright, author of the measure, and A. H. Briggs, state superintendent of the Anti-Saloon League. The organizations to be represented include the Eastbay branch of the Anti-Saloon League, the Public Welfare League of Alameda County, Christian Citizens League, Oakland Church Council, Oakland Chamber of Commerce, Order of Good Templars, Alameda County Women's Christian Temperance Union, Alameda District of the California Federation of Women Clubs, Alameda County Federation of Women's Clubs, Alameda Federation of Mothers Clubs, Berkeley Federation of Mothers Clubs and the Oakland League of Women Voters.

Victims' Graves Found, Recall Sea Disaster

An echo of the wreck of the steamer Brother Jonathan, which occurred on St. George Reef, July 30, 1858, came down the corridor of time yesterday when word was brought to Oakland by E. T. J. McLaughlin of San Leandro that the graves of two victims of the wreck, Daniel C. Rowell and his sister, Miss Polina Rowell, are located in a deserted cemetery in Del Norte county. The fate of Rowell and his sister has formed the subject of investigation for the past eight months by relatives who came to California for the purpose. McLaughlin, who has a ranch near the cemetery in which the victims were buried, saw the graves. About 150 persons, including General Wright and his staff, were aboard the Brother Jonathan when she went down. The steamer's cargo included \$1,500,000 in gold and 500 barrels and 200 cases of bonded whisky. None of this has ever been recovered.

PEOPLE WHO DEED OAKLAND PIONEER, CALLED BY DEATH

**Last Rites For Veteran Political
Leader of County to
Be Held Tomorrow.**

The funeral of George W. Reed, Oakland pioneer and political leader, will take place tomorrow at 2:30 p. m. from the clubhouse of the Oakland Lodge of Elks. The services will be conducted under the auspices of the order, of which he was a past exalted ruler. Reed, who was 70 years old, died yesterday following a lingering illness. He is survived by a widow, Mrs. George A. Reed, and three daughters, Mrs. Mabel Alexander, Los Angeles; Mrs. Lyle B. Brown, Sacramento; and Mrs. Elva Anderson, Oakland. He was the brother of Charles G. Reed, Mrs. Elizabeth Barstow and Mrs. T. C. Mayon.

ACTIVE IN POLITICS. Reed has been an outstanding figure in the public life of Alameda county for half a century. He graduated from the University of California with the class of 1872, entering from the Oakland school department and from the Braxton school. As a young man he held the positions of deputy county clerk, under his brother, Charles G. Reed, and district attorney, serving for four years from 1888.

He was a delegate to the national Republican convention in Philadelphia, which nominated William McKinley, for the presidency of the United States; in Chicago, which nominated Theodore Roosevelt, and again in Chicago in 1908 when William Taft was nominated. Reed was chairman of the Republican central committee in 1907 and 1908 and was a member of the congressional committee supporting Victor H. Metcalf and later chairman of the congressional committee of Joseph R. Knowland.

LEGAL ASSOCIATIONS. Admitted to the bar in 1879, Reed was a member of the law office of A. A. Moore. Three years later the firm of Moore & Reed was organized, continuing until Reed became district attorney.

Upon his retirement from the law firm of Reed & Nussbaumer, he later developed into the firm of Reed, Black, Nussbaumer & Bingaman. Reed was born in Vassalboro, Me., in 1852. He was four years old when his parents brought him to the Pacific coast. Throughout his life he took an active interest in education, serving for ten years as a director of the California School for Deaf and Blind in Berkeley, and for a long period as trustee of the Cuyamaca Polytechnic College in San Francisco. Reed was chairman of the building committee which was in charge of erecting the present clubhouse of the Oakland Lodge of Elks. He was identified with Sequoia Lodge, P. O. and A. M., the University Lodge, No. 144, I. O. O. F., and the State of Maine Society.

Catholic Center Will Hold Social

ALAMEDA, Nov. 28.—The second of a series of social evenings sponsored by the Catholic center will be held this evening in St. Joseph's auditorium in the parish school at San Antonio avenue and Chestnut street. A Thanksgiving program has been arranged to intervene during the dance and the whist tournament to be held in the upstairs of the building. A buffet supper will be served. Presiding as hostesses this evening will be the Misses Kathryn Goggin, Minnie Rea, Genevieve Morris, Miriam Mendizabal, May Haviland, Mary Rohan, Claire Fogarty, Bessie Boyter, Genevieve Thompson, Mary Kitterman, Agnes Frisbie, Gertrude Chandler, Gertrude McCoy, and Messrs Raymond Chandler, Harold Halton, Bert Morris, Gerald Goggin, Jr., Thomas Ryan, John Morris, John Dyer, Richard Spence, Robert Pyke, Edgar Kelly, Harry Boyter and Paul Ryan.

Boys With "Odor Bomb" Are Scared

SAN LEANDRO, Nov. 28.—Donald Montague, 17, and Leonard Brown, 15, thought it a joke to place a small "bomb," which, when crushed, emitted a foul odor, in a moving picture theater here Sunday night. They even thought the matter funny when they were brought before Judge W. J. Gannon yesterday afternoon. But when the judge, with the aid of the police, found the "bomb," the boys were not so much amused.

Walsh, were through among the youths with the real nature of the offense, and to what it might lead, it was two serious, pale-faced boys who stared across the court desk. The judge ordered to appear next Monday afternoon with their parents. The "bomb" caused considerable confusion and discomfort to the inmates of the theater.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit-producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

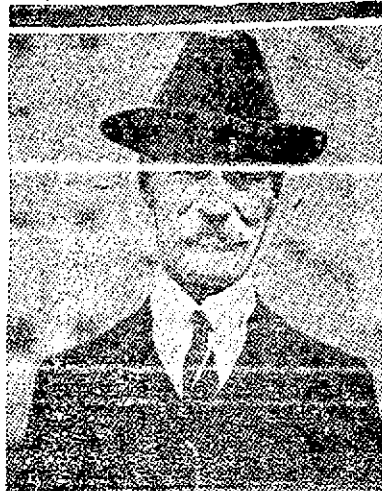

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root. It is scientifically compounded from vegetable herbs. It is not a stimulant and is taken in teaspoonful doses. It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

Swamp-Root of purity is with every bottle of Dr. Kilmer's Swamp-Root. If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try it, send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing, please mention this paper advertisement.

110 YEARS A. W. H. C. EUGENE MEVES, and his public, printed, proposal.

**Helpmeet
in politics
50-50**

PLACARD MAKES PROPOSAL FOR WIFE IN POLITICS

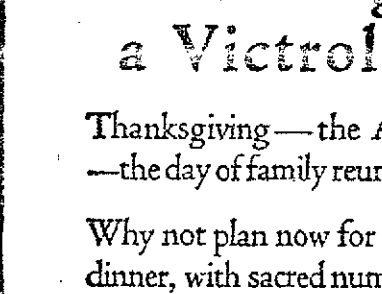

Eugene Meves is still looking for a wife. "It takes them a little while to get used to the idea of such a public proposal," said Meves, on the second day of his tour of the city with his placard bearing the words, "Wanted, a wife—helpmeet in politics, 50-50."

Meves believes, however, that the right woman—the one who is really qualified to aid him in his work of establishing "social justice"—will not hesitate to walk right up to him on the street, as soon as she sees the sign, and tell him that his search for a "helpmeet in politics" is ended.

"Naturally the woman who will sympathize with my theories will be one of advanced ideas," Meves points out, "and that kind of woman won't be bothering her head about the old-fashioned kind of proposal, with moonlight and solitude, etc."

Meves says his reason for wanting a wife at this time is that he has something important to tell the world, but is not a good talker himself. His message, upon which he intends to seek public office, involves proposed limitations upon wealth, and community industrial methods.

During his search for a wife who will conduct the arduous part of his campaign, Meves is patrolling the downtown business section, bearing aloft his printed proposal in large type on a white placard.

—after the turkey on Thanksgiving Day: a Victrola concert

Thanksgiving—the American day of days
—the day of family reunion—will soon be here.

Why not plan now for an hour of music after dinner, with sacred numbers, some favorite old songs, and even such modern airs as the finish to set the blood racing?

Why not have a Victrola on Thanksgiving Day to furnish this feast of music?

We have Victrolas—genuine Victrolas—in pleasing variety, and at prices to suit everybody.

Victrolas \$25 to \$1500
Convenient payment terms

Sherman, Clay & Co.

Fourteenth and Clay Streets, Oakland
Kearny and Sutter Sts., San Francisco
Sacramento, Stockton, Fresno, San Jose

—and let us give thanks for music!

CONTROL CHIMES OF CAMPANILE

**Only Morning and Evening
Will Bells' Full Tones
Be Heard.**

BERKELEY, Nov. 28.—The long controversy over the Campanile chimes has been solved at last. Twice each day, at morning and at night when the majority of students are off the campus, the bells will ring out in all their glory. At noon, when the college grounds are densely populated the bells will be played with pianissimo effect. In the words of Professor Leon J. Richardson, chairman of a committee which has been investigating the chimes, "the soft pedal" will be used.

There's nothing wrong with the chime bells, announced Professor Richardson after weeks of study aided by other college experts. "Only chimes are not supposed to be listened to fifty feet away. It's like looking at an oil painting from a distance of six inches."

"So we have decided that at 8 o'clock in the morning and at 8 o'clock at night, when the majority of students are not on the campus, that the full tones of the bells will be used. These are heard with very pleasing effect by residents of Berkeley some distance from the campus. So that the reverberations of the bells might not be heard unpleasantly by students on the campus at noon only the softer tones will be used."

Center to Hold Party Tonight

ALAMEDA, Nov. 28.—All is in readiness for the Thanksgiving entertainment tonight which will be given by the Catholic Community Center in the St. Joseph auditorium, Chestnut street and Alameda avenue, according to the committee in charge.

The following will act as hosts and hostesses: The Misses Claire Fogarty, Katherine Goggin, Minnie Rea, Bessie Boyter, Mary Rohan, Genevieve Thompson, Geraldine McCoy, Mary Kitterman, Agnes Frisbie, Miriam Mendizabal, May Haviland and Gertrude Chandler with Gerald Goggin Jr., Bert Morris, John Morris, Thomas Ryan, John Dyer, Edgar Kelly, Robert Pyke, Raymond Chandler, Harold Halton Jr. and Paul Ryan.

Oakland Y. W. C. A. Swimmers Defeated

The relay swimming team of the Oakland Young Women's Christian Association was defeated by the San Francisco team in an aquatic meet in the pool in the San Francisco "Y" on Saturday. Miss Alice V. Goodman, swimming commissioner, awarded the pennants yesterday.

Miss McKeever of Oakland won the 250-yard free style dash in 2:25. 2-5 over Muriel Yeaton. Miss McKeever also took second place in the 50-yard dash.

LANE'S LETTERS WILL SET FORTH U. S. WAR FACTS

**Intimate Glimpses Into Political
Life During Critical
Period Told.**

Posthumous letters of a former Oakland man who rose to international fame provided an intensely interesting series of articles on American political life to be published in The TRIBUNE soon. The letters are those of Franklin K. Lane, and the series to be printed in The TRIBUNE include the most significant highlights of those communications.

The series is of especial interest locally through the fact that Lane, who became one of the outstanding figures in the Wilson cabinet during the critical days preceding and during the world war, was formerly an Oakland newspaper reporter.

At the time of their publication, in book form, the letters and memoirs aroused a storm of controversy in official circles. The story center of these controversies was Joseph Daniels, former Secretary of the Navy, of whom Lane said that he objected to the idea of conveying merchant ships on the ground that such an action would prove dangerous.

Lane, who spent his youth in Oakland, attended school here and was graduated from the University of California, enjoyed the same high degree of popularity in private life which he later enjoyed as a public official.

Frankness is the keynote of the Lane letters. This quality is coupled with that of fairness, so that, although Lane does not hesitate to expose the foibles and weaknesses of men in high places, he is equally ready to express his admiration where he feels that admiration is deserved.

It is anticipated that the Lane letters will prove one of the greatest sensations ever offered to TRIBUNE readers, giving as they do, intimate glimpses into the political life of this country in one of the most critical periods of its history.

Aged Man Severely Injured by Street Car

BERKELEY, Nov. 28.—George Husteden, 78, of 2135 King street, is in the Temple hospital today in a serious condition as a result of being struck by a Grove street car at Alcatraz avenue and Fifth view street last night. He is suffering from concussion of the brain and internal injuries, and according to physicians, may not recover. Husteden had alighted from a S. F. electric train and was crossing the street. He apparently did not see or hear the street car.

The bongar is said to cause more deaths in India than any other snake.

Colbourn Urges Drill Team of Oakland's Finest

**R. O. T. C. Chief Sent Letter
Suggesting Marching Squad
of Policemen.**

A police drill team, qualified to step along with such experts as the Oakland Police Band, and the Elks drill team, is now being contemplated by Commissioner Frank Colbourn, who suggests that a selected group be formed from the members of the police department to carry the honor wherever that is of the department in all public parades and spectacles.

Colbourn suggested the matter to Lieutenant-Colonel C. W. Lawrence, in charge of the Oakland R. O. T. C. and the police drills. If Colonel Lawrence favors the plan, Colbourn says he will adopt it, and policemen selected, and willing to participate, will be grouped into the organization.

Colbourn's letter to Colonel Lawrence follows:

"It is my opinion that a drill team composed of selected men of our police department would be an incentive to stimulate interest in our weekly police drills and would also reflect credit on the police department at such times as it might appear in parades, etc."

"This suggestion meets your approval I would be pleased to have you proceed with the organization of a police drill team."

ORGAN FUND ADVANCED. SANTA CRUZ, Nov. 28.—The congregation of Holy Cross church is looking forward to a new pipe organ and last evening there was a program of sacred music at the church and the collection was toward the pipe organ fund.

One person in every 250 is mentally defective.

FRICK SCHOOL PATRONS FAVOR NEW STRUCTURE

**Protest Made That Proposed
Program Does Not Pro-
vide For Needs.**

After awarding the contract for altering Cole school to Walter Murch, at \$11,825, the board of education last night received protests from the Frick Parent-Teachers' Association and the Foothill Development Association, alleging that the tentative program of the superintendent of schools, in the coming school year, does not sufficiently provide for the needs of Frick.

Superintendent Hunter asserted there was "much merit in what was said," and promised that Frick's needs will receive further attention at the future meetings of the conference committee, one of which was held today.

The Frick citizens assert that there should not be alterations to the present building and portables, but a new and permanent building. Parents whose children attend Melrose Heights school complained to the board that the children are supposed to "stand at attention" during the ringing of certain bells, and receive certain punishments for failure to comply, including the job of appearing at 8:30 in the morning instead of 9. The superintendent will look into the matter.

James Kalsmith was ordered employed for two weeks to secure apartments on properties suggested as sites for new schools.

One person in every 250 is mentally defective.
